As a lifelong resident of Charles County, I have been extremely saddened by the mandates enforced upon our county in recent months. I sincerely urge the Commissioners to not to continue to force masks in our County. Since the county instituted the mandates, my family and I have been forced to take all our business outside the county. We have been going to neighboring counties that do not enforce masks for shopping, restaurants, attending church services, and finding new medical providers. We are even considering moving to a new area, to be able to shop and worship freely, as well as run our small business without the oppressive mandates. Masks are incredibly damaging and ineffective. They should not be forced upon residents in any way. It should be up to individual to decide if they would like to wear a mask or not. Please consider myself and the many others asking for the choice to be free in our county.
