Mask mandates cause division among our brothers and sisters and keep us divided. My wife has a medical condition that limits her wear of a mask and we are treated as criminals when she don't be wearing one. If we continue to oppress the people for a false sense of security, being that your standard cloth or dust mask is only 3% effective against covid, it won't be long before we are another Australia. I won't stand to watch another year of covering our personalities with ineffective masks and causing division instead of unity. We can't let our local government continue to oppress and divide. I will not support forced mask mandates.
