

The proposed language is to be inserted into the 2022 – 2031 Charles County Comprehensive Solid Waste Management Plan (CCCSWP)

Current section 5.3.2 Waldorf Recovery Facility page 5-5

The below sentence is to be inserted at the end of the last paragraph of section 5.3.2 Waldorf Recovery Facility on page 5-5. The sentence was mistakenly omitted from the draft plan during the review process. The statement is necessary to ensure municipal solid waste generated within Charles County goes to the Charles County Landfill or County facility.

“Acceptance of MSW generated within Charles County is only authorized upon the written approval from the County Administrator and the Director of the Charles County Department of Public Works.”
