Become a Rescue Partner!

Does your 501(c) (3) organization want to help animals at Charles County Animal Care Center (CCACC)?

CCACC is thrilled to partner with rescue organizations to help place homeless shelter pets in loving, forever homes. Our shelter depends on adoption and rescue partnerships to help save the lives of countless homeless pets.

To become an approved Rescue Partner, please send an email to CCACC (animalshelter@charlescountymd.gov) with the following:

- A copy of your organization's 501(c)(3)
- Rescue Contract
- Policies and Procedures or Bylaws for your organization
- List of Board Members including contact information
- list of authorized representatives that have been approved to pull animals from TCAS

Once your information is received, our rescue coordinator will contact you to review your application, explain the details and answer any questions you may have.
