2. **TIME:** Games will consist of four quarters comprised of:

- 8 minute running quarters.
- During the last two (2) minutes of each game the clock will stop on all dead ball situations. The only exception is if a team is ahead by twenty (20) points the clock will continue to run.
- 1 minute between quarters

- 3 minute half-time
 - 3 minute overtime period – There will be only one overtime period played. If a game is not decided by the end of the first overtime. The game will end in a tie.

- The opposing team will receive two (2) points at the start of the official game and two (2) points for every minute that has elapsed off the game clock until the team being penalized has fielded a complete team (Five Players).
 - If enough players arrive within the first quarter of the game, the game will be played.
 - The time elapsed will not be added back to the official game clock.

 - iii. It is the coach's responsibility to instruct their players where the press line starts. Since the league uses so many different facilities, the press line in most cases will be different. There is a clearly defined line in each gymnasium. Please ask the Center Coordinator or the Official if you are unsure of where the press line starts.

If by chance a situation cannot be clarified by the Site Attendant, a written protest may be made. At this time the official will be notified of the protest and the official scorer will log this into the score book. If the coach has not addressed the Site

Attendant/or official for clarification, the League Coordinator will not accept a protest on the matter.

- D. If a player is removed from the game due to injury or blood, the coach and site attendant will use their judgment and discretion on the completion of any remaining mandatory play.
- E. Coaches are reminded that this league is dedicated to instructing youth in becoming better basketball players. Abuse or violating the Mandatory Play Rule could result in suspension or expulsion of the coach.

Until the mandatory play requirement is completed by all players, all players must complete any four minute segment of time which player begins.
 - 1. Substitutions will only be allowed at the four (4) minute mark (or as close to the four (4) minute mark as possible), or at the end of the quarter. Exceptions will be either an injury or a player fouling out.

CONCUSSION FACT SHEET

WHAT IS A CONCUSSION?

A concussion is an injury that changes how the cells in the brain normally work. A concussion is caused by a blow to the head or body that causes the brain to move rapidly inside the skull. Even a “ding”, “getting your bell rung”, or what seems to be a mild bump or blow to the head can be serious.

Concussions can also result from a fall or from players colliding with each other or with obstacles, such as a goalpost, even if they do not directly hit their head.

The potential for concussions is the greatest in athletic environments where collisions are common. Concussions can occur, however, in any organized or unorganized sport or recreational activity. As many as 3.8 million sports and recreation-related concussions occur in the United States each year.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

If your child has experienced a bump or blow to the head during a game or practice, look for any of the following signs and symptoms of a concussion:

Signs Observed by Parents or Guardians

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Cannot recall events prior to hit or fall
- Cannot recall events after hit or fall

Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not “feel right”

HOW CAN YOU HELP YOUR CHILD PREVENT A CONCUSSION?

Every sport is different, but there are steps your children can take to protect themselves from concussion

- Ensure that they follow their coach's rules for safety and the rules of the sport
- Encourage them to practice good sportsmanship at all times
- Make sure they wear the right protective equipment for their activity. Protective equipment should fit properly, be well maintained, and be worn consistently and correctly
- Learn the signs and symptoms of concussion.

WHAT SHOULD YOU DO IF YOU THINK YOUR CHILD HAS A CONCUSSION?

- **Seek medical attention right away**
 - A health care professional will be able to decide how serious the concussion is and when it is safe for your child to return to sports
- **Keep your child out of play**
 - Concussions take time to heal. Don't let your child return to play until a health care professional says it's ok. Children who return to play too soon – while the brain is still healing – risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.
- **Tell your child's coach about any recent concussion**
 - Coaches should know if your child had a recent concussion in ANY sport. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell the coach.

Remember, you can't always see a concussion and some athletes may not experience and/or report symptoms until hours or days after the injury. It's better to miss one game than the whole season.
