Children and teens have many unique, and sometimes challenging needs. The Children and Families Resource Day will help you find the resources available in Charles County that can support your child as well as the family.

This event offers an opportunity to learn more about recreational options, as well as physical and mental health resources available to you. Families with children age 0-18 can benefit from attending. Even if you are not currently in need of

services, please join us as we celebrate the children in our lives at this fun filled day. The Charles County Advocacy Council for Children Youth and Families would like to extend a special invitation to local businesses and individuals to participate in the Children and Families Resource Day! The day includes information, resources, and fun to help our Charles County families. Activities include: Parental Supports, Mental Health Resources, Recreational Programs, Face Painting, Balloon Artist, Door Prizes, and MORE!
