Charles County ADAPTATION REPORT CARD WORKSHOP

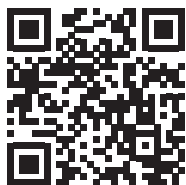

Your voice matters in helping Charles County adapt to and prepare for the impacts of climate change. Register today for this interactive, virtual workshop to help us gauge our preparedness and protect both our inland and coastal communities!

During this workshop, you will have an opportunity to present your concerns about climate change and its impact on your community.

What climate change threats need to be addressed most urgently in Charles County?

How are these threats being addressed — or, how are they not being addressed?

Discussion will include these key points as they relate to Charles County. The goal is to develop a better understanding on measures to take to improve adaptation and resilience throughout the county.
