Dear Elected Officials,

I am writing to inform you that a comprehensive letter detailing our concerns about the Maryland Piedmont Reliability Project (MPRP) has been mailed to your county administration building. This critical matter impacts our environment, places an undue financial burden on Maryland ratepayers, and threatens property rights—including the integrity of our conserved and preserved lands.

To facilitate direct communication on this pressing issue, we are also reaching out via email. For your immediate review, we have attached the following essential documents:

- Generic e-copy of letter mailed to all counties
- Introduction to Stop MPRP, Inc.

We deeply appreciate your dedicated service to Maryland and your commitment to the communities you represent. The MPRP's far-reaching implications affect all Marylanders, making your advocacy on this matter particularly crucial.

We welcome the opportunity to discuss this further and provide any additional information you may need to make an informed decision about this project. I am happy to answer any questions you may have and can be reached at 443-789-1382 or by replying to this email.

Thank you for your attention to this important matter.

Sincerely,

Joanne Frederick  
President, Board of Directors  
Stop MPRP, Inc.
