I am against changing the zoning to mixed use. Stop building housing!!!! Will the aquifer that supports the majority of the population be able to handle the increase? I have a well on my property and I would be extremely upset if I have to drill a new one (very expensive). It won't support it, but no one will believe it until it's too late. We need another hospital in the area. Ideally a level 1 trauma center so that trauma injuries do have to be life flighted to Baltimore or Suburban. Allow infrastructure to build up and support the additional housing we already have!!!
