Good Evening Everyone, 1. Why are elderly people with fixed income homeless? I feel every elderly person should be priority in locating stable environment. 2. Why are people have been diagnosed with medical health issues still living on the streets or in the woods? 3. Why are you allowing the shelters to be unsafe? 4. Where is the moral compass and humanity after our parents who fought for rights and low-income housing for the Charles County, Maryland? They sow their time and efforts for equality and humanity. 5. Why are the Senior Citizens paying high utilities bills? 6. Why are you allowing businesses to ban homeless individuals for being truthful? 7. I feel there should be other options other than staying in the woods for homeless. How can you improve this? I feel by utilizing established trailer parks with adding little tiny homes as a start. There are alot of abandoned properties (banks, houses, and unoccupied properties) throughout the county. I feel the county should look into this as another option. I would love an opportunity to discuss this further. I have my own homeless presentation and experience pertaining this. We are one of the riches counties in the State of Maryland. I feel the rich should also contribute towards successfully accomplishing this. I have personally been impacted in my life with not getting the total benefits of what my Dad, Reverend Harvey R. Custis, Sr. sowed into the county for 25 years until his retirement in June 1995. Hopefully and prayerfully we can see how this is impacting lives and how to improve the system in Charles County, Maryland. Thank you for your time and answering of these questions. I appreciate your responses> Sincerely, Yolanda E. Custis
