## Elite Gymnastics and Recreation Center *Concrete to Green*

# POCKET PARK

This Fall, there are some exciting changes coming to Elite Gymnastics and Recreation Center. The rear parking lot is going to be converted to a pocket park! The project involves the removal of an unused asphalt area and replacing it with trees and grass to function as a natural play area with quiet seating and a picnic grove. The new park will:

- Provide cooling shade
- Absorb stormwater runoff
- Help filter the air
- Create wildlife habitat
- Provide a sense of place

Thank-you to our Project Partners

Maryland

This project was funded completely or in part by Maryland's Chesapeake & Atlantic Coastal Bays Trust Fund. For more information, visit <http://dnr.maryland.gov/ccs/Pages/funding/trust-fund.aspx>.
