Mallows Bay Park

1440 Wilson Landing Rd.
Nanjemoy, MD 20662

Mallows Bay Park is home to the Mallows Bay-Potomac River National Marine Sanctuary and is a unique destination known for its "Ghost Fleet," a collection of over 100 sunken World War I-era wooden steamships now teeming with wildlife. This sanctuary offers a fascinating blend of history and nature, with opportunities for kayaking, hiking, and birdwatching. Visitors can explore the rich ecosystem of the Potomac River while learning about the area's maritime heritage. It's a serene spot for outdoor enthusiasts and history buffs alike.

The Spring **GUIDE** is Here!

Spring has sprung in the Department of Recreation, Parks, and Tourism and we've been hard at work putting together a fantastic line-up of programs, special events, and sports leagues for the upcoming season. Break out of the winter blues by attending one of our seasonal special events such as the [Daddy Daughter Dance](#), [Blue Splash Water Safety Day](#), or the [Spring Fishin' Buddies Derby](#)!

In honor of [Autism Awareness Month](#) this April, we are excited to spearhead the [Light Up Charles Blue](#) campaign, a collaborative, county-wide initiative involving multiple agencies. This monthlong celebration is dedicated to raising awareness, fostering education, and bringing the community together through a variety of engaging, family-friendly activities. The month will conclude with our signature event, the outdoor [Paint the Park Blue](#) gathering, set to take place at the beautiful Field of Dreams in Laurel Springs Park. Join us as we come together to shine a light on autism, support inclusion, and create lasting memories throughout this meaningful month. Learn more on page 12.

This spring break, fun knows no bounds with activities for the kids while school is out! Dive into the excitement with our [Fun Happens Across Generations - Spring Break Extravaganza](#), offering something for everyone to enjoy. Keep the kids entertained with our [Spring Break Mini Camp](#) or the action-packed [Spring Break Camp at Elite](#), where energy and adventure take center stage. For the little ones, the [Preschool Spring Break Camp at Elite](#) provides a perfect mix of fun and learning. Don't miss out on these unforgettable spring break experiences!

Get ready to map out your summer adventures with us! Join us at our upcoming [Summer Camp and Activity Fair](#) on April 11 at Billingsley Community Center, where you can engage with camp representatives from across the region. This is the perfect opportunity to gather information, ask questions, and secure your spot for a summer filled with excitement and enrichment. From thrilling activities to new friendships, our camps offer a unique blend of fun and learning that promises a memorable summer for participants of all ages.

In case you missed it in the Winter GUIDE - our facilities will be soon transitioning to a convenient and secure cashless payment system. This change will make your transactions faster and simpler, letting you get back to enjoying all our amenities with ease! Additionally, to keep pace with rising operational costs and inflation, we will be implementing a gradual adjustment to our fees. This helps us maintain and enhance the facilities you love, ensuring a top-quality experience for all residents. We are dedicated to making this transition as seamless as possible for everyone.

We hope you find something that excites you in this edition of The GUIDE and look forward to seeing you at one of our recreation centers, parks, and historic sites this spring!

Sincerely,

Kelli Beavers, CPRP, CPM
Director, Recreation, Parks, and Tourism

Recreational Gymnastics: Program teaches achievable goals, frequent success, and tangible rewards. Our curriculum uses a beginner to advanced level system to track achievements, in addition to complementary classes to improve strength, conditioning, and form. Skills are broken into achievable steps. Elite nurtures an environment where children have an opportunity to be successful, while developing strength, coordination, and other skills that transfer to other sports and activities. Sessions consist of eight classes. Placement depends on age and skill level.

For safety reasons, all class sizes are limited to a maximum number of participants. Classes may be canceled due to low enrollment. Instructors may move children to a different level class if the child is unable to participate in the skill level of the registered class. Competitive Teams: Elite Gymnastics offers the opportunity for gymnasts to take their experience and talent to a competitive level. The Elite Women's Gymnastics Team, USAG competitive levels 3-10, compete within the USA Gymnastics Junior Olympics Program. Teams travel throughout the United States to compete. Our experienced and knowledgeable coaches provide the highest level of training and are dedicated to the development and success of each athlete. Competitive season runs June 1-May 31.

A pre-competitive gymnastics team, by invitation only, is offered for girls that have shown an exceptional level of skill or who have progressed through our recreational classes at an accelerated pace. Pre-team is an introduction into the competitive gymnastics program and does not compete. Our highly skilled coaches have the opportunity to train and develop their skills to prepare for the competitive team.

Spring Sessions: March 16-April 11 and April 20-May 16
