I am requesting that the commissioners look into unfair practices by the parks and Rec.in regards to its practices of issuing fields to youth programs and in dealing with said programs. We as youth athletic and mentoring programs are here to serve the residents of our community with private funding with no assistance from the county so to be treated in this manner as a tax payer this is unacceptable. 3 times we have requested very specific PIA gone through the proper process only to be given information not requested in our PIA. As a leader of my program representing over 200 Charles County families I feel our issues deserve to be heard and addressed
