Work Session #2: 2026 Preliminary State Legislative Proposal

Ms. Danielle Mitchell, Acting Deputy County Administrator, Office of the County Administrator, joined the Commissioners to provide the follow up information related to a few proposals the Commissioners discussed at the last work session on the 2026 preliminary State Legislative Proposals on September 23, 2025.

- A proposal for special elections to fill vacancies for certain elected offices.
Proposed by: Carlos Childs

The Commissioners present reached a consensus to include this proposal for only Board of County Commissioners.

- A proposal to implement attendance requirements for the Board of Commissioners.
Proposed by: Joseph Mank

The Commissioners present reached a consensus not to include this proposal.

- A proposal to create an Office of Community Relations to assist with issues related to common ownership communities.
Proposed by: Christopher Bullock

The Commissioners present reached a consensus on including and amendment to the Homeowners Association Dispute Review Board.

- A proposal to expand agritourism to include breweries.
Proposed by: Commissioner Coates

The Commissioners present reached a consensus not to include this proposal since procedures already exist and just need to educate the public.

**At about 4:06 p.m. Commissioner Patterson joined session in person.*

Ms. Mitchell explained that during the Commissioners' Local Legislative process held in the spring of this year the topic of raising the income cap from one hundred and fifty thousand dollars (\$150,000.00) to an income cap of two hundred and fifty thousand dollars (\$250,000.00). It was also proposed to increase the tax credit amount. The income cap request would be a State legislative proposal while the tax credit amount would be a local proposal.

- TOPIC: Volunteer Emergency Responders Tax Credit
Submitted by Bill Smith on behalf of Charles County Volunteer Firemen's Association

The Commissioners present reached a consensus to include raising the income cap amount proposal.

Briefing and Request to Initiate Zoning Text Amendment (ZTA) Process with Planning Commission on Data Centers

Mr. Jim Chandler, Director, and Mr. Mark Thompson, Chief of Commercial Development, Department of Economic Development; Mr. Jason Groth, Director, and Mr. Charles Rice, Planning Director, Department of Planning and Growth Management, provided an overview of this request to initiate the Zoning Text Amendment Process for Data Centers. Mr. Chandler provided information on data centers and the economic benefits related to job creation and income. Mr. Rice reviewed key points of data centers that can be mitigated with thoughtful zoning provisions such as increased digital demand, impacts on power systems, noise, water and aesthetics like any other industrial use, and the requirement of electrical load studies by utilities. The County's approach would be to locate in a compatible land use area, use noise mitigation tools (Building orientation, Setbacks, Buffers, Plantings, Forest Areas, and Screening, Fencing, Berming), and water usage by prioritize use of reclaimed/non-potable water. He furthered explained that draft zoning text amendment would add definition for data centers, permit data centers with conditions in the: Business Park (BP); General Industrial (IG); Heavy Industrial (IH); Planned Unit Development (PUD) Industrial Zones; Low Density Residential (RL) with greater restrictions. All zones would require minimum of thirty percent (30%) Open Space Requirement; Setback of two hundred (200) feet from property lines; Setback of four hundred (400) feet from residential buildings; Architectural Requirements; Noise and Vibration Study to demonstrate compliance; Perimeter Landscaping and Hardscaping Requirements; Lighting standards; Non-potable water use is prioritized. Minimum area for RL zoned land is fifty (50 acres); Must include or be adjacent to a regulated public utility consisting of two hundred and thirty (230) kV or higher power generation, transmission, or distribution facility; and must hold a public meeting with the Planning Commission and present a conceptual site development plan to get community input.

A motion was made by Commissioner Patterson, seconded by Commissioner Coates and passed, with Commissioners Coates, Patterson, and Collins present, voting in favor to authorize staff to initiate the zoning text amendment public process with the Planning Commission. **Commissioners Bowling and Stewart were not present for the vote.*

Charles County Departmental Highlights Departmental Highlights: Department of Emergency Services Office of the County Administrator

The Commissioners were joined by staff from the Internal Audit Office, the Citizens' Response Office, and the Department of Emergency Services to provide a presentation outlining some of their department highlights and activities. The Internal Audit Office explained the county-wide fraud awareness training module they held for two hundred (200) staff members and reviewed the feedback shared from the participants. The Citizens Response Office shared the launching of SeeClickFix 311 program, which is a centralized hub for communication in the County with residents on a variety of issues and concerns. This program allows residents to report concerns via the mobile app or website, and track the status of their report. The Department of Emergency Services shared information on the Free Rabies clinics co-sponsored with the Charles County Health Department. They also partnered with the Charles County Board of Education for training in the International Academies of Emergency Dispatch for a forty (40) hour Career and Technical Education program to prepare high school students for work in a 9-1-1 communications center. They also shared a video on the Haz-Mutt program.
