

# Summary

**Takeaway: Smart Arsenal is Indian Head's transformation into a modern, high-tech workplace.**

**The effort will touch every part of our organization and is taking place within three main headlines:**

- **Workforce:** Building the pipeline and equipping the workforce
- **Infrastructure:** Adopting state-of-the-art technology for our physical and digital operations
- **Partnerships:** Working with our geographic and subject matter communities toward shared objectives

## **Smart Arsenal Is...**

- Aligned to the Navy's and DoD's strategic plans and investments
- Focused on modernization
- Building-on existing and ongoing improvement work
- **Our desired reputation within the community**

## **We need you to:**

- ☐ Understand our current and desired future state
- ☐ Identify, communicate, and initiate aligned actions
- ☐ Share our message

**Bringing Indian Head from the industrial age to the information age and beyond!**
