OFFICE OF LEGAL COUNSEL

INTERPRETIVE GUIDANCE

Number: COVID19-08
Date: March 30, 2020
Re: Order of the Governor of the State of Maryland, Number 20-03-30-01, dated March 30, 2020, Amending and Restating the Order of March 23, 2020, Prohibiting Large Gatherings and Events and Closing Senior Centers, and All Non-Essential Businesses and Other Establishments, Additionally Requiring All Persons to Stay at Home

At this time, the Office of Legal Counsel (“OLC”) recommends that the Administration interpret the above-referenced Order as follows:

1. **Employer Documentation.** Employers who are permitted to remain open (to any degree) under the Order may wish to provide a letter to employees who must commute to and from work. This will help employees establish their need to travel if challenged. The suggested content for the letter is:
 - a. the name and address of the employee;
 - b. the name and address of the employer;
 - c. the nature of the employee’s work;
 - d. a brief statement of why the employer remains open for business; and
 - e. a signature and contact information for the employer.
2. **Commuters To/From Adjacent States, and Persons Transiting Maryland.** In connection with the announcement of the Order, Governor Hogan stated that persons traveling into Maryland from anywhere outside Maryland are required to self-quarantine for 14 days. This is not expected of:
 - a. persons who regularly commute into Maryland from an adjacent state or the District of Columbia, or vice-versa, unless such persons should otherwise self-quarantine under applicable CDC or MDH guidance (for example, because of recent travel to the New York/Tri-State area); and
 - b. persons transiting through Maryland who have only minimal contact with Maryland, i.e., only stopping for fuel, food, or other necessary supplies, not making contact with anyone for more than three minutes at a distance of less than six feet.
3. **Curbside Pickup at Restaurants.** Under this Order, Restaurants and Bars are not classified as Non-Essential Businesses. Therefore, the prohibition on curbside pickup described in OLC Interpretive Guidance document COVID19-07 does not apply to Restaurants and Bars.
4. **Recreational Boating.** Recreational boating is not considered an “outdoor exercise activity” for purposes of paragraph II.b.v of the Order.

<p>1. Staff Access to Non-Essential Businesses. The Order requires businesses, organizations, and facilities to close to the general public. This does not prohibit staff from being on-site as reasonably necessary for the purposes listed below, if this can be accomplished in a manner consistent with all applicable guidance from the U.S. Centers for Disease Control and Prevention (“CDC”), the Maryland Department of Health (“MDH”), and the Occupational Safety & Health Administration (“OSHA”) regarding social-distancing and environmental cleaning and disinfection:</p> <ul style="list-style-type: none"> a. Facilitating remote working (“telework”) by other staff. b. Maintaining essential property. c. Performing essential administrative functions, including without limitation, picking up mail and processing payroll. d. Preventing loss of, or damage to property, including without limitation, preventing spoilage of perishable inventory. e. Caring for live animals. f. If a business, organization, or facility is unsure about whether or not it is considered “non-essential” under the Order, it should:</p> <ul style="list-style-type: none"> a. First, carefully review the Order, all available guidance from the Cybersecurity and Infrastructure Security Agency (see https://www.cisa.gov/identifying-critical-infrastructure-during-covid-19), and all Interpretive Guidance issued by OLC to confirm that the business, organization, or facility is not addressed in some way. b. Second, if “non-essential” status is still unclear, make a good faith determination about whether it is “non-essential”, based on: <ul style="list-style-type: none"> i. the Order’s purpose, which is to “reduce the threat to human health caused by the transmission of the novel coronavirus in Maryland, and to protect and save lives”; and ii. how similar businesses, organizations, and facilities are treated under the Order. c. Third, if the business, organization, or facility decides to remain open pending more detailed legal advice, strictly adhere to all applicable guidance from the CDC, MDH, and OSHA regarding social-distancing and environmental cleaning and disinfection.
