

# Charles County COVID-19

## Incident Action Plan

Operational Period  
From 4/18/20 8:00 To 4/21/20 8:00

LPHS delivering  
to Food Bank

## INCIDENT OBJECTIVES (ICS 202)

<b>1. Incident Name</b> Charles County COVID-19	<b>2. Operational Period</b>	Date From: 4/18/20	Date To: 4/21/20		
		Time From: 8:00	Time To: 8:00		
<b>3. Objectives</b>					
<p>A. Ensure the safety and overall health and well-being, including mental health of the residents, county employees, and responders, throughout this incident.</p> <p>B. Conduct surveillance of COVID-19 cases in collaboration with the health department, hospital, physicians, and other health care providers.</p> <p>C. Maintain timely, accurate and uniform communications with residents, employees and first responders as well as partners in the tri-County and National Capital Region and the state of Maryland.</p> <p>D. Prepare for and handle the human reaction crisis contingencies in long terms.</p> <p>E. Prepare for long term order maintenance.</p> <p>F. Prepare for and sustain our communities' hierarchy of needs throughout this incident.</p> <p>G. Determine trigger points for Continuity of Operations for all agencies, including government, public safety, schools, hospital, and other critical infrastructure systems.</p> <p>H. Ensure all practical steps to "Slow the Spread" of transmission of COVID-19.</p>					
<b>4. Operational Period Command Emphasis</b>					
<p>Use the recommended PPE on all calls, take all the necessary precautions. PPE recommendations need to be followed 100% especially in nursing homes, and areas with groups of non-ambulatory patients.</p>					
<b>General Situational Awareness</b>					
<p>"Wash your hands before touching your face. Do not touch the T-zone!"</p>

## SAFETY MESSAGE/PLAN (ICS 208)

1. Incident Name Charles County COVID-19	2. Operational Period	Date From: 4/18/20	Date To: 4/21/20
		Time From: 8:00	Time To: 8:00
<b>3. Safety Message/Expanded Safety Message, Safety Plan, Site Safety Plan:</b>			
<b>"Wash your hands before touching your face. Do not touch the T-zone!"</b>			
<p>1. Total identified PUI's transported to date: 309 Total # of patients testing positive : 55</p> <p>2. PPE stockpiles remain stable with an estimated supply range of 10+ days based on current call volumes.</p> <p>3. Revision to EMSOP Special Order 2020-01 Version 3.1 has been completed and disseminated to staff.</p> <p>4. As this is a rapidly changing landscape, leaders should review any changes with their personnel each morning.</p> <p>5. With the implementation of the most recent update of special Order 2020-01 V 3.1, personnel should continue to perform wellness checks twice a day as prescribed in the SO as well as decon apparatus frequently.</p> <p>6. Personnel who report having a fever, sore throat, cough or other respiratory related symptoms should stay at home and self-isolate until they are symptom free for a period of 72 hours.</p> <p>7. The County's Peer Support Team has been activated and will make weekly wellness checks with our County's first responders. We are working through the logistics but will provide an email address and phone number to contact the team. Will disseminate when we have the contact information.</p> <p>8. Please remember that PPE caches are for EVERYONE. We are all in this TOGETHER so there is NO career and volunteer PPE caches.</p> <p>9. Under the approval of the EOC and to keep congruent with the CDC and Governor Hogan's recommendations, Safety has approved the use of simple face masks (commercial or crafted) in the public arena. Per SOP, N95's are to be used for all patient contacts with reuse guidelines in place per the CDC recommendations.</p> <p>10. Two new videos posted on You Tube: PPE Best Practices - <a href="https://youtu.be/mY4rvyJDxDk">https://youtu.be/mY4rvyJDxDk</a> and Peer Support Services - <a href="https://youtu.be/jZD1EOon7Sw">https://youtu.be/jZD1EOon7Sw</a></p>

Wash Your Hands Before Touching Your Face.

# PUBLIC HEALTH BRANCH BRIEFING

## COVID-19 PANDEMIC RESPONSE

### April 17, 2020

## GENERAL REPORTING INFORMATION

### INFECTIOUS DISEASE

#### CASE COUNT—CHARLES COUNTY

As of 4/17/2020, total case count for Charles County is 345.

- *The line list with confirmed case counts for Charles County is continuously updated as lab reports are received from MDH, hospitals, and commercial laboratories.*
- *Contact tracing efforts are continuous with a focus on healthcare workers, EMS, and police.*

### CALL CENTER UPDATE

- Operation time: 0800 to 2200.
- The numbers to call remain the same: 301.609.6717 or 301.609.6777
- Volume for new system is approximately 60 call per day.

### MEDIA, SOCIAL MEDIA AND WEBSITE

- Nothing new to report.

### PARTNER/STAKEHOLDER OUTREACH

#### ALL-PARTNER

- The all-partner call was held yesterday at 4 p.m.

#### LTC/AL

- The Long-Term Care and Assisted Living call was held yesterday, April 17, 2020, at 3 p.m. The primary topic of discussion was PPE conservation and safety strategies.
- The CCDOH is currently working with 2 LTCs and 1 AL that have positive COVID cases to support resource requests, review laboratory reports, review line listings, and to answer questions as necessary. Some private laboratory reports are not received by the department until after 1700.

### EPI SURVEILLANCE PROFILE FOR STATE

#### Case Investigation, Surveillance, and Infectious Disease Response (D, Blythe)

1) Latest case counts - total: 11,572 – (50,437 negative)

2) New cases 788

- a) Age distribution:
  - i) under 18 years - 2%
  - ii) in 18-64 age range 75%
  - iii) in 65+ age range 23%
- b) Geographic distribution
  - i) National Capital 53%
  - ii) Baltimore Metro area 41%
  - iii) Eastern Shore 3%

- iv) Southern 2%
- v) Western 1%
- c) Of cases, 54% female; 46%
- d) Of cases in 65+
- e) Hospitalizations 161 new; total 2612
- f) Deaths new 33; total -- 425
- g) 736 -- Released from Isolation

**CONFIDENTIAL – (INFORMATION BELOW IS FOR CORE PLANNING GROUP ONLY)**

### **RESOURCE DISTRIBUTION**

- 3 orders received 4/16/2020
- 3 orders fulfilled and facilities contacted
- 1 – Priority 2 (Urgent care facilities, Federally Qualified Healthcare Centers, Primary Care Providers, Local Health Department (direct care/contact only)
- 1 - Priority 3 (Congregate homes, Jails/Prisons, Developmental Disabilities Administration facilities)
- 1 – Priority 4 (other first responders, such as police, fire departments, and public safety)

### **VOLUNTEERS**

#### **MARYLAND MEDICAL RESERVE CORPS**

- 2 responders accepted into unit 04/15/2020
- State MRC Coordinator received necessary approval to expand the call out for nurses. A state-level message went out this morning supporting this effort. Also, the call out went to MRC members in St Mary's and Calvert counties.

### **TESTING**

#### **VEIP TESTING SITE UPDATE**

- Tested to Date as of 4/17/20 (TTD): 278
- Appointments will be increased to 100 for Tuesday, April 21

### **EPIDEMIOLOGY AND SURVEILLANCE**

#### **Charles County**

- As of 4/17 at 930 am, total case count for Charles County was 345 cases.
- There have been 18 deaths associated with COVID-19 (5.2%).
- Average age of fatalities: 78 years, 67% had known underlying health conditions
- Number of negative lab results: 1727
- Positivity rate: 16.7%
- Recovered and released from isolation: 27
- Partially recovered with improved symptoms: 7
- 25% hospitalization
- 60% Female; 40% Male
- 20% Healthcare Workers
- 36% have underlying health conditions

- Age range of positive COVID-19 cases: 12-99 years
- Age Distribution for Charles County cases:
- Under 18 years: 0.3%
- 18-64 years: 80.4%
- 65+ years: 19.3%

**ESSENCE** data for urgent care utilization at Patient First in Waldorf had no data warnings or alerts for Thursday, 4/16. Patient volume was 29 on 4/16. All were discharged to home for self-care. 6 presented with ILI on Thursday. One case listed an exposure to COVID-19, but case was there for an unrelated health condition. Diagnoses included bronchitis, chest pain on breathing, allergic rhinitis, and acute tonsillitis. One case was tagged with a CDC Classifier for Coronavirus, and 2 cases were tagged for Influenza Negative mention.

### **Surveillance of EMS call data and alerts**

The epidemiologist monitors the Charles County DES First Watch trigger alerts. The number of daily trigger alerts for COVID-19 cases or COVID-19 persons under investigation was 26 on 4/16. Discussions with Robbie Jones from EMS reveal data issues with the alert system. The decrease in COVID-19 PUI alerts does not indicate a decrease in call volume. The epidemiologist has also noticed potential COVID-19 PUI that came as regular trigger alerts. Data issues are being worked.

4/16: 26

### **Racial breakdown**

Total: 337 cases on 4/17 at 9:30 am MDH line list assessed through REDCap:

*(Case counts with less than 7 cases should not be shared publicly. This data is confidential.)*

- Asian: 5 (1.5%)
- Black/African American: 149 (44.2%)
- White: 72 (21.4%)
- Other: 12 (3.6%)
- Two or more races: 1 (0.3%)
- Data not available: 98 (29%)

### **Ethnicity breakdown**

- Hispanic 5 (1.5%)
- Non-Hispanic 234 (69.4%)
- Declined to answer 40 (11.9%)
- Data not available 58 (17.2%)

**Epidemiologist note:** *Please use caution when drawing any conclusions regarding race or ethnicity. Nearly one-third of race data is not available, and information regarding this missing population cannot be assumed. Additionally, it should be noted that the greatest number of cases (57%) are the Waldorf zip codes of 20601, 20602, and 20603. Over half of the county population lives in those zip codes. Additionally, those zip codes have a very diverse population with minority populations comprising the majority of the zip code level population and with African Americans being the largest racial group in those zip codes.*

### **Zip Code breakdown**

Zip Code level data was also analyzed using the MDH line lists of confirmed cases in REDCap. Data was accessed on 4/17 at 9:30 am with 337 cases as the total count at that moment in time. Data for all zip code with a case count greater than 7 has been included in the attached GIS map. *(Zip code level data with counts less than 7 cases cannot be shared publicly and must remain confidential.)*

Confirmed cases by zip code:

20601: 46

20602: 61

20603: 86

20607: 5

20611: 1

20613: 16

20616: 6

20622: 2

20632: 2

20637: 12

20640: 11

20646: 34

20658: 1

20662: 3

20664: 2

20675: 3

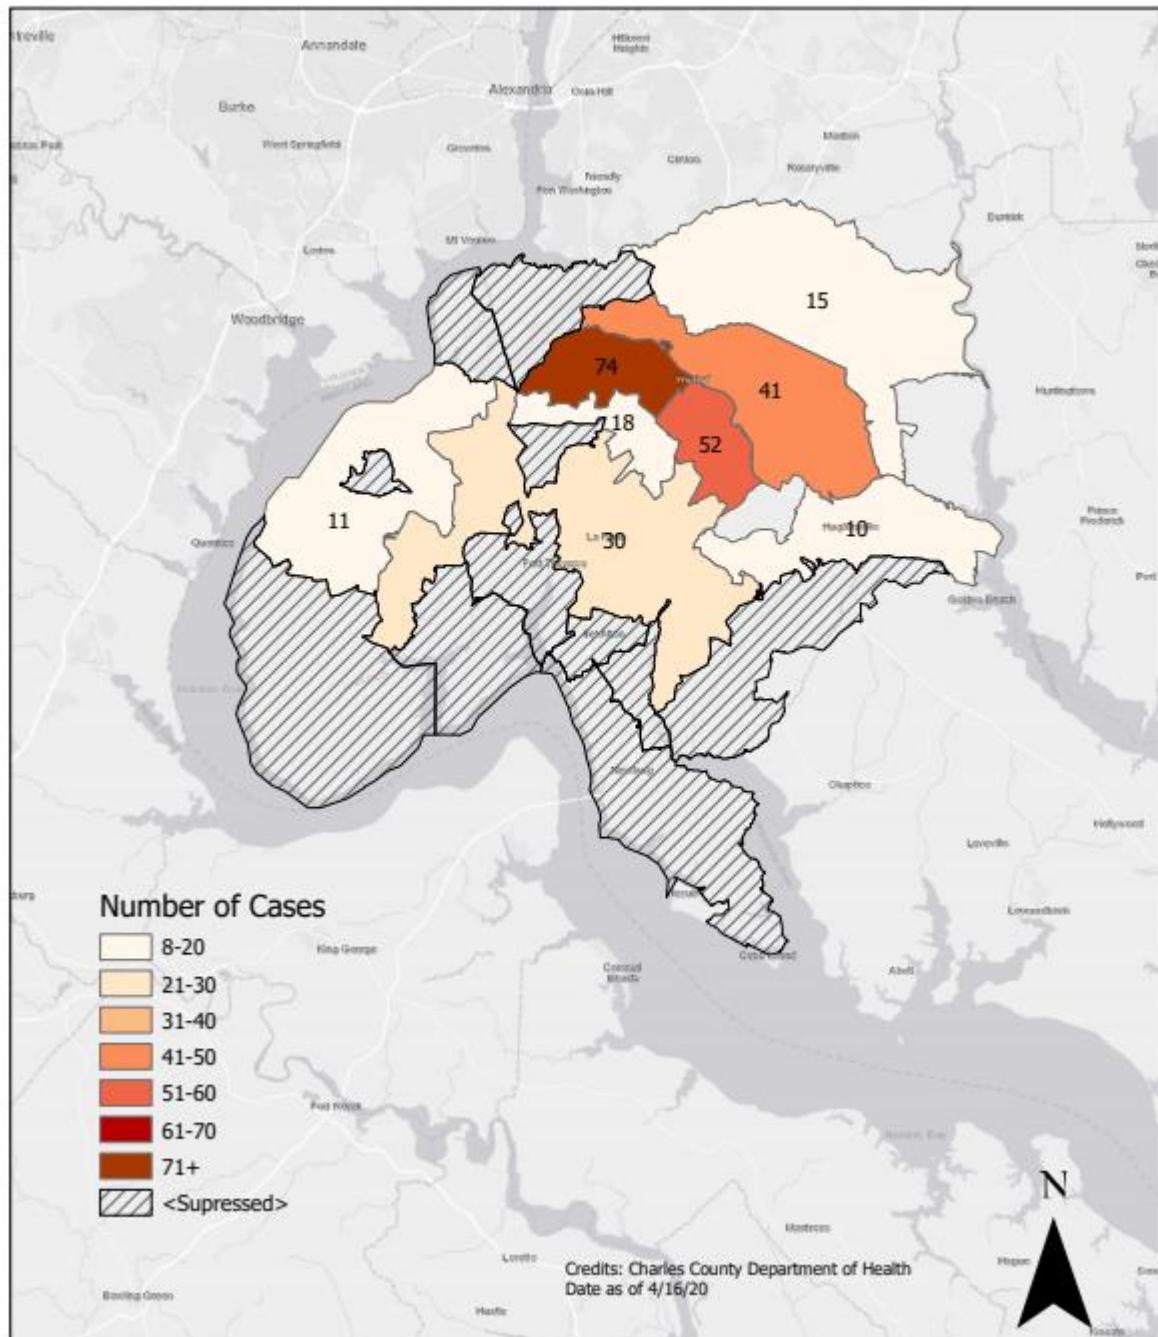

20677: 1

20693: 1

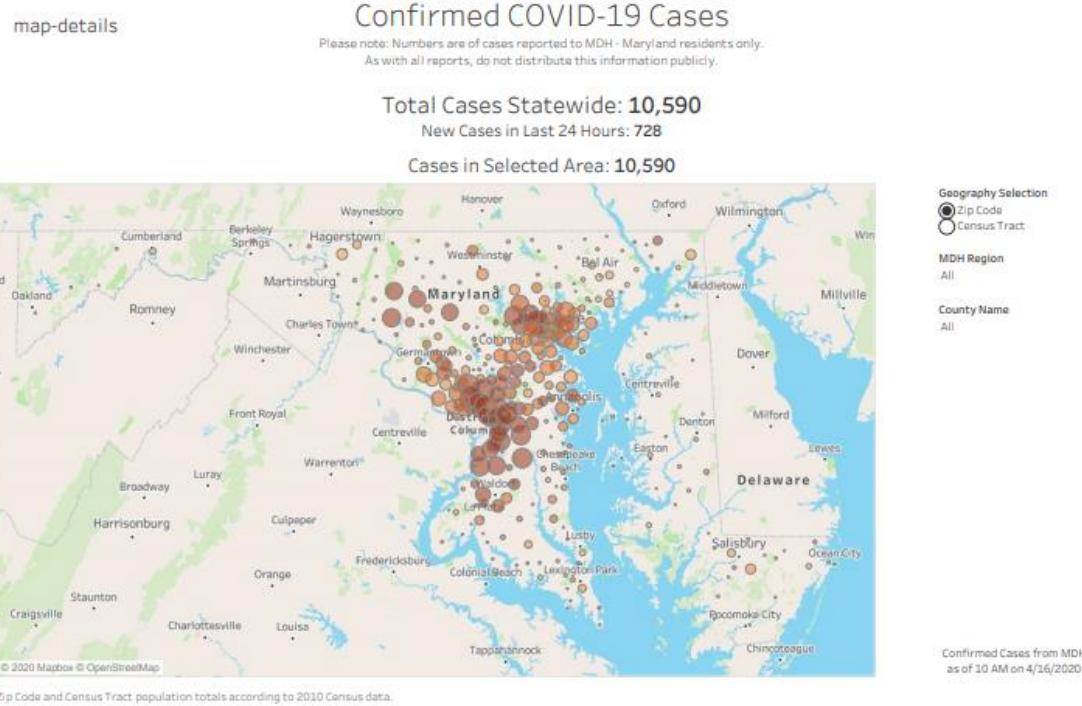

20695: 22

**ADDITIONAL INFORMATION:** *This includes the following:*

- **Hospital Volume Trends ED**

#### Hospital Volume Trend Lines

These volume data are derived from real-time Admission/Discharge/Transfer feeds sent to CRISP. The thickness of the line is a measure of volume. These volume counts are imprecise for reasons such as differences in how feeds are implemented among hospitals. However, the trendlines provide utility in understanding directional volume change over time.

The orange reference line shows the statewide average relative volume by the day of the week, using all ADT data from January 1, 2020 to February 29, 2020.

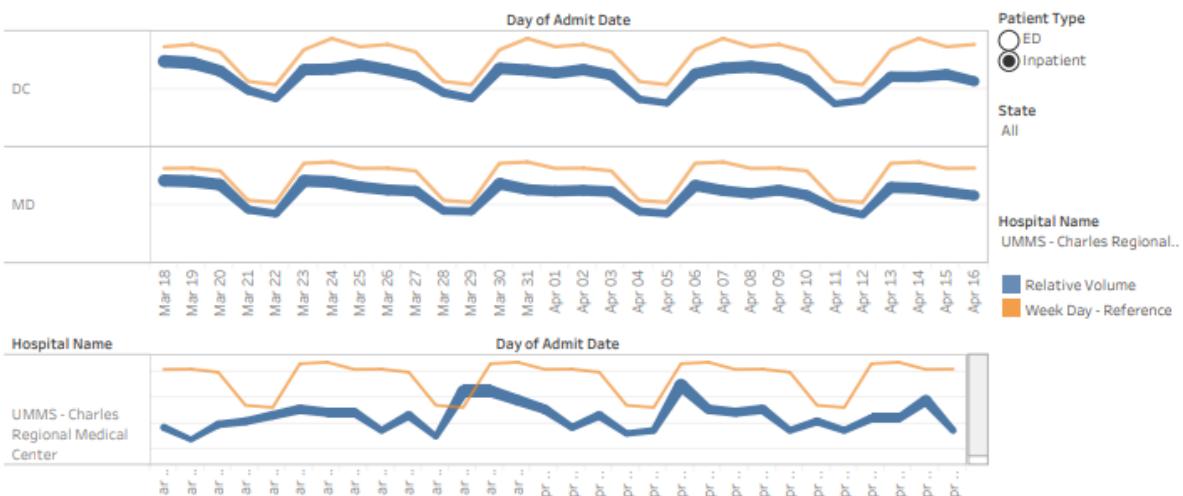

- **Hospital Volume Trends Inpatient**

#### Hospital Volume Trend Lines

These volume data are derived from real-time Admission/Discharge/Transfer feeds sent to CRISP. The thickness of the line is a measure of volume. These volume counts are imprecise for reasons such as differences in how feeds are implemented among hospitals. However, the trendlines provide utility in understanding directional volume change over time.

The orange reference line shows the statewide average relative volume by the day of the week, using all ADT data from January 1, 2020 to February 29, 2020.

## **HOSPITAL BRIEF 4-17-2020**

- The trigger point for starting up the tent operations outside of the hospital has not yet been activated. Activation will be determined by both staffing levels and patient census presenting to the ED.
- Hospital Bed Capacity = 166. Census = 84
- Hospital ICU Census = 9
- Isolation Room Capacity = 12
- Isolation Rooms Occupied = 8
- Confirmed positive cases of COVID-19 patient admissions = 27
  - Of the total 27 COVID-19 positive patients, six (6) of the patients are located in the ICU, and 21 are located in the 3 South dedicated COVID-19 unit
- PUI admissions = 2
- Ventilated COVID-19 positive patients = 5
- Ventilators not in use = 15
- COVID-19 related deaths = 13
- CRMC has implemented a policy that requires ALL staff, visitors (which would be very limited), and contractors of any kind to wear a mask while in the hospital at all times.
- The 3 South patient unit at CRMC is dedicated to COVID-19 positive patients only.

**Date:** Friday, April 17, 2020

**From:** John Filer

**Subject:** Status on Marcus Paxton planning and procession

To the Charles County First Responders,

Below is a letter I received from Courtney Shannon in reference to the details to honor EMT Marcus Paxton.

*Dear Chief Filer,*

*After meeting with the family and having discussion of their wishes, and also working with Michael Hineline in Baltimore City, the plans are as follows to honor EMT Marcus Paxton:*

*It will be communicated when the dates and times are finalized for bringing Marcus Paxton to rest. This will be a two-day event with a virtual viewing and a procession to bring him home the next day.*

*The virtual viewing will be held at White Marsh Volunteer Fire Station. It will be an opportunity for people to drive by to display their respect to Marcus and show support to his family. Medic 3 will be the backdrop for the Urn, Baltimore City FD and Baltimore County Honor Guard. The viewing will be scheduled for two (2) hours or until the last vehicle passes through and/or 3 hours maximum.*

*The next morning, BCFD Medic 3 and an BCFD EMS Staff Car, the family vehicle (Charles County training van), with one or two vehicles from each Baltimore County, Charles, Calvert, and St. Mary's will line up on the Lombard Street side of Steadman Station. The procession will begin at Steadman Station go to I-95, 95 through Baltimore County, through Howard County, Prince George's County to Route 5 South into Charles County. The procession will turn onto Rt. 231 crossing the Benedict Bridge into Calvert County to Route 4 southbound, cross the Thomas Johnson bridge into St. Mary's county to Rt. 235 ending at Bay District VFD. Police escort from Baltimore City, Calvert County, Charles County, and St. Mary's County will all be coordinated. The procession is to pass through each county to give each agency an opportunity to line the route in show of respect.*

*Upon arrival at Bay District VFD you will have the opportunity to present the Urn, the citation and flag from the commissioners, and any other token of honor that you wish to present. All other members will remain in their apparatus per the Governor's mandate. Upon completion of the presentations all apparatus will be returned.*

*At a later date (TBD) Local 734 will conduct a memorial service for our brother Marcus Paxton.*

*Respectfully Submitted,*

*Courtney Shannon*

# Law Enforcement Branch Briefing

## COVID-19 Charles County IMT

### April 17<sup>st</sup>, 2020

#### **Buildings:**

Charles County Sheriff's Office: District 1 Lobby is closed for scheduled remolding. The District 1 clerks have moved the CCDC Annex building in the same parking area and that lobby is open as normal

Maryland State Police: Restricted to public

Maryland Transportation Authority: Closed to Public

La Plata Police Department: Closed to the public

Natural Resources Police: Building Closed

#### **Operations:**

Charles County Sheriff's Office: Operations have gone to emergency schedule in accordance with a CCSO level 3 All-Hazards activation. Patrol operational periods are 12 hours from 0700-1900 and 1900-0700. All other operations sections running with normal services being provided from modified locations. Services provided have not been reduced or augmented as of now.

Maryland State Police: Operations as normal

Maryland Transportation Authority: Operations as normal

La Plata Police Department: Operations as normal; Doing screening in and screening out

Natural Resources Police: Operations as normal

#### **Internal COVID-19:**

Charles County Sheriff's Office:

- 0 sworn officer quarantined
- 3 officers isolated
- 1 correctional officer quarantined
- 2 correctional officers isolated
- 1 civilian quarantined
- 3 civilians isolated

Maryland State Police: None local

Maryland Transportation Authority: None local

La Plata Police Department: 2 sworn officers isolated

Natural Resources Police: 1 sworn officer isolated

**Crime Stats:**

No significant crime trends to report.

**TRU:**

Charles County Sheriff's Office: Open and working; triage site for COVID-19 calls for service.

Maryland State Police: Open and working

Maryland Transportation Authority: Open and working

La Plata Police Department: Open and working

Natural Resources Police: Open and working

**Call Restrictions:**

Charles County Sheriff's Office: None

Maryland State Police: None

Maryland Transportation Authority: None

La Plata Police Department: None

Natural Resources Police: None

**Governor's Order Violations since Emergency Orders Issued**

Violation sustained calls for service: 39

Warnings: 36

Charges later: 2

On-scene arrest: 1

**Items of Note: (Not for redistribution)**

None

\*CHANGES IN RED

Intelligence Briefing 4-17-2020  
COVID Charles County

**Updated Infection Numbers:** As of 1003 hrs.

Total worldwide: 2,181,508 **+99,539** since the 4-16-20 brief.

**Worldwide increase of confirmed cases by 24-hour period over the last 10 days**

4-7/8	4-8/9	4-9/10	4-10/11	4-11/12	4-12/13	4-13/14	4-14/15	4-15/16	4-16/17
160,963	48,490	120,662	95,648	85,648	69,285	134,855	65,338	80,985	99,539

Total fatalities worldwide: 147,337 **+8,850** since the 4-16-20 brief

**Analysis note:** The wild swings in worldwide confirmed case numbers and fatality numbers continue to illustrate the lack of consistent reporting channels. These numbers should not solely be used to gauge the scope and magnitude of the current situation.

Total confirmed cases in the US: 671,493 **+31,760** since the 4-16-20 brief

**US increase of confirmed cases by 24-hours period over the last 10 days**

4-7/8	4-8/9	4-9/10	4-10/11	4-11/12	4-12/13	4-13/14	4-14/15	4-15/16	4-16/17
30,846	32,641	33,958	35,284	28,520	28,326	54,634	27,062	38,764	31,493

**Analysis note:** The US case number increases have remained relatively unchanged for the last 10 days. However, this is likely not an indication of “flattening the curve.” As the data is reviewed, keep in mind we are reporting an additional 28 to 33,000 NEW cases each day. We have yet to see any dramatic decreases in diagnoses new cases.

Total fatalities in US: 33,286 **+2,296** since 4-16-2020

**Maryland Numbers:** As of 1000 hrs. via <https://coronavirus.maryland.gov/>

Total confirmed cases in State in of MD: 11,572 **+788** since the 4-16-20 brief

Total tested in the State of MD: 50,437 **+2,378** over 4-16-20

Percent of those test that test positive: **22.9%**

**Analysis note:** Maryland percentage of positive test is now on par with PA, MA, IL, MI, CA and LA.

Total Fatalities in State of MD: 425 **+33** change since the 4-16-20 brief

**Number of probable deaths:** 69 (this is new statistic)

Total Hospitalizations: 2,612 **Increase of 161** from 4-16-2020

**First Responder Numbers in Charles County:**

18 Quarantine: means exposed and they can't come to work. **-12** since last report

37 Self Isolation: means sick or tested positive **-19 since last reported**

Analysis note: Charles County continues to work on a comprehensive reporting system for first responder numbers. This explains the wild swings in numbers. We believe we have created a process to correct this. Moving forward the numbers should be more consistent.

**Weather:**

Sat 55-39 rain, Sunday 66-48 cloudy, Monday 60-42 rain

Analysis note: Warm weather will likely mean more people outside, increasing the probability of gatherings. Rainy weather will drive people into their residences. The potential for increased calls for police service exists.

**Local:**

Media attention of the local nursing home and assisted care facilities issues dominated local coverage over the last 12 hours.

No stores visited this am:

Analysis note: Beef, poultry, and pork plants continue to close at an alarming rate. This will put pressure on the meat market and likely cause a run on store inventories as the press continues to cover these closures.

A fire Station in Charles County was temporarily closed due to a presence of a positive person in the station. Station was cleaned and reopened within 4 hours.

Nursing home and assistant living patients and staff make-up over 1/3 of the total number of positive cases reported in Charles County.

**Maryland Update:**

Gov. press conf. at 1430 today

Gov. announces recovery plan

State wide order to wear masks in public

**Region:**

Over 11,314 cases in the NCR as of 0500 4-17-2020,  
21,281 cases in Maryland, DC, and Virginia as of 1100 on 4-17-2020.  
**DC Convention Center being prepped to act as a field hospital.**

DC expands the stay-at-home order through May 15<sup>th</sup>

VA extends the stay-at-home order through May 8<sup>th</sup>

**National:**

An additional 5.2 million Americans file for unemployment

Nursing home deaths and infection rates have dominated the local and national news over the last 24 hours. It was noted the first 6 minutes of a local station's 6 PM news broadcast was devoted to nursing home issues.

**Local critical infrastructure:**

No outages or disruptions are reported or are appear to be likely as of today.

**Predications/ Analysis:**

- **Protests over the continuing of stay at home orders, and business closures are becoming more prevalent and boisterous. Law enforcement should begin to make plans on how to track these groups and respond to events.**
- **First responder staffing and exposure issues will likely continue to increase. Priority messaging about PPE, manpower reduction strategies, and outside the box thinking should be continued and solutions expedited.**
- FOIA and PIA requests for detailed records on infections in assisted living and nursing homes will increase as investigative reporting on this issue increases.
- Grocery stores could become a hotbed of fear and anxiety due to limiting numbers of patrons, assigning shopping days, mask requirements, and now limited meat supplies.
- As critical case in Charles County remain low (outside of nursing homes and assisted living homes), needs in other local jurisdictions are growing. Resources should be prioritized and plans should be made to share/deploy critical resources, personnel, and/or facility space to meet the needs regionally.
- The longer this crisis continues the more likely we are to experience critical events that may not be related to the COVID crisis (incidents within the incident). Those in leadership positions need to be prepared to step into duel leadership/managerial roles at a moment's notice. This requires taking care of yourself and staying up on the latest tactics, strategies and knowledge.
- Planning for crisis recovery starts as soon as the crisis begins. Monday marks the 8<sup>th</sup> weeks of this crisis, 6<sup>th</sup> week of schools being closed. Partners and stakeholders should begin planning for what the return to the "new normal" looks like in their organization. Sharing of these plans will help each organization build more comprehensive processes.
- Over the weekend the US will likely eclipse 500,000 cases and 15,000 deaths. Md numbers will likely pass 5000 and 150 fatalities by Friday. These numbers will cause increased pressure to ratchet up rhetoric re: "stay at home orders" and could result in further sanctions and restrictions.
- As the confirmed case numbers continue to rapidly ascend the likelihood of jurisdictions issuing "travel bans" increases. Law enforcement should begin researching the constitutionality of these potential edicts and have plans in place for implantation and begin to develop a public communication strategy. Standardizing local "travel authorization documentation" should be explored by the lead jurisdiction having authority.

- Due to diverted attention, the international and domestic terrorism threat is rapidly increasing. Responders should be reminded to remain vigilant and of the DHS guidelines for spotting suspicion activities and terrorism indicators.
- As we enter into the reported peak of this situation communication, along with sharing of individual branch capability and capacity is more important now than ever. “We don’t know what we are going to need to know until we need to know it.”
- First responder organizations should begin surveying members for pre-existing conditions and other complicating medical conditions. Responders found to have pre-existing conditions should be placed in limited citizen contact roles.
- A review of the 179 countries that report COVID-19 cases, only two (South Korea and China) have somewhat “flattened the curve” of NEW infections. Both showed flattening roughly 30 to 45 days after the initial spikes. The initial spike in the US began around 3-18-2020.
- Reduced stability in the supply chain along with increased fear and anxiety can be expected with today’s “stay at home order.”
- After 3 weeks of social distancing and schools being closed non-english speaking communities within Charles County are likely feeling further isolated due to a lack of language specific communications. Direct and increased messaging to Spanish speakers is likely necessary.
- As mass transit continues to shrink in availability, plans should be made to ensure those who rely on it for essential supplies and trips have delivery resources.
- LE and EMS screening protocols should include questions about recent travel to NY, NJ, CT, and FL.
- Immediate attention is needed to direct companies and organization on the proper processes and appropriate contact to use (Donation Manager at the EOC) to donate PPE and cleaning materials to essential personnel
- The next 7 days will likely see a stabilization of a majority of the grocery supply chain. However, the potential for disruption moving forward continues to remain high.
- FOIA and PIA request from media and citizens groups will likely begin to increase the longer this event lasts. “New normal” processes need to be established as soon as possible.
- Lack of child care options will likely add to family stress. Additional resources, activity and options are needed.
- JIC staff should substantially amplify community resource communications
- As we enter the 2<sup>nd</sup> week of social distancing stress, anxiety, and fear will likely increase. Continuous reminders of patience and focusing on kindness will become increasingly important.
- Many stores restock overnight. Seniors and the vulnerable populations should be strongly encouraged to shop during the early morning hours when supplies are likely to be at their highest.
- As testing increased the confirmed cases in MD will increase. This will likely cause additional life restrictions.

- Supply chain issues will continue and likely increase as further life interruptions and travel restrictions are ordered. The possibility of violence increases as stress increases, especially at grocery stores.
- Commanders of responders and essential staff should have robust plans for potential quarantines and updated continuity of operations including plans for diminished manpower. Further, responder organizations should begin reviewing existing integration plans with the National Guard.
- Obtaining medical supplies and PPE will continue to be an issue for the foreseeable future. All services should use the command ordering process so orders can be tracked.
- The community of Charles County is showing increased signs of pulling together and assisting one another. The JIC should continue to encourage civility and increase positive press of good news stories occurring throughout our community.

“The most effective leaders in crises ensure that someone else is managing the present well, while focusing their attention on leading beyond the crisis toward a more promising future”

Respectfully submitted by Jason Stoddard

Charles County Public Schools Briefing 4-17-2020  
COVID Charles County

**48-hour Priorities:**

- Maintaining instructional continuity
- Expanding and maintaining food service
- Expanding and maintaining WiFi service

**Meals:**

CCPS distributed 5214 meals on 4/16/20. This amount was down -78 from 4/15/20. All sites saw a decline in meals distributed, but Westlake HS and JC Parks were the highest distribution sites.

No meal distribution on Saturday or Sunday.

**Closure:**

School closure through at least 4-24-20.

Dr. Salmon, MD State School Superintendent to speak today at the Governor Hogan's 2:30 PM press conference and provide an update.

**Instruction:**

New instructional packets are available for pickup starting today (Friday, April 17th) and next week at the meals distribution centers. Distribution today went very smoothly.

**Community Wifi:**

All four sites are up and running and seeing use. CCPS in process of 3 other additional WiFi sites.

**Misc:**

April 17<sup>th</sup>, 2020

Re: Volunteer Fire/EMS Brief

### Items Being Worked On:

- Reduction of Force Policy – *Information gathering occurring.*
- Station Health Screening Policy – *Set to go in Special Order today.*

### Stations/Apparatus:

- No Contamination issues at Fire Stations
- No Apparatus with any contamination issues.
- No Service Deliverability Issues with Apparatus O.O.S.

### Personnel - 22 Members across 3 Stations (6 Positive / 2 Negative):

- Fire Station 3 – 1 Member in 14 Day Isolation – Tested Positive 4/16/2020
- Fire / EMS Station 11 - 2 Members -2 Due to Family Members being Quarantined
  - o - 3 Members Due to potential exposure from another patient.
- Fire / EM Station 12 – 16 members due to a Positive Member in the Station (Currently 5 Positive/2 Negative)

### Incidents/Call Volume:

- No Major Incidents to Report related to COVID-19
- Increase of Responses to SagePoint over the past 5 days.
- Yesterday's EMS Call Volume was average, and Fire Call Volume was below average  
59 Ems Related Incidents ----- 10 Fire Related Incidents

### Other Information:

- Viral Triage Training Video has been completed and posted
- New PPE Burn Rate Tracking tool created and set to start using next week.
- Pushing out Peer Support Information again this week.

Respectfully Submitted,

Mark A. Kaufmann, Jr  
County Fire Chief, Charles County Maryland
