	<p>Face-to-Face visits: 27 employees from EMS, 6 employees from Communications</p> <p>Phone Contacts: 69 employees</p> <p>Social Media: Courtney and Debi continue to monitor social media habits and posts for marked changes. Both are making posts on CCEMS Facebook to engage employees and provide positive motivation and tips in getting through this pandemic.</p> <p>CISM: Sagepoint Senior Living reached out for help with their nursing staff in the midst of their COVID-19 outbreak, the death of an employee, and all the negative publicity they have been receiving from the media. Three team members were able to offer them CISM on 04/22/20.</p> <p>General Impression: Employees remain as stressed and mentally fatigued as they have the past 2 weeks. Many are accepting this as the new normal for them. Fear is still heightened about contracting this virus and taking it home to their loved ones. Now that we employees who have tested positive for COVID-19, there is a new sense of caution. Some are starting to reconcile that they are doing all they can to protect themselves while others are still worried they are not. The employee who was removed from service under duress has returned to service with guidance from mental health. This employee will continue to be monitored.</p>
