This allows for additional services immediately for unsheltered individuals. Waldorf sanitation station is in full use. Areas covered: Waldorf two locations and La Plata locations. We continue to provide face coverings to individuals living in encampments who were without. Some individuals have started to receive stimulus checks which allows them to shelter in hotels.</i></p> <p><i>The client presenting concerns regarding trying to accommodate isolation needs is currently not isolated. Other areas are testing homeless populations in encampments and shelters as well as staff. We will be seeking assistance with testing for this population.</i></p> <p><i>Additional care packages are being prepared to allow for ease of transfer for isolated individuals. With many staff teleworking at the state level we are having difficulty obtaining vital documents to allow for more permanent housing of two individuals and a service dog we are currently assisting.</i></p> <p><b>Facilities</b></p> <p><i>Many facilities have various restrictions on admissions currently which increases the lack of shelter for several individuals. All participants and staff are doing temperature checks daily. Limited access to all facilities. Additional safety measures are being put in place to reduce access to facilities. Guests are not allowed at facilities at this time. Staff antibody testing will take place next week. We have purchased additional PPE's and hand sanitizer.</i></p>

<b><u>OPERATIONS</u></b>	
<b>Peer Support Team: Will be reporting weekly on Mondays.</b>	<p><a href="mailto:despeersupport@charlescountymd.gov">despeersupport@charlescountymd.gov</a>  <b>**NEW NUMBER**</b> - 240-532-0558  Video about Peer Support: <a href="https://youtu.be/EIML_RnIdAY">https://youtu.be/EIML_RnIdAY</a></p> <p>Face-to-Face visits:  52 employees  All shifts in communications were visited</p> <p>Phone Contacts:  57 employees</p> <p>Social Media:  Courtney and Debi continue to monitor social media posts. Several Facebook posts to encourage and engage employees with coping.</p> <p>General Impression:  Employees seem to be focusing on the fatigue of COVID-19 and how they are “just over it.” Employees were receptive and appreciative to the encouragement bags we made. Several employees reached out later on after receiving their bags to express their appreciation again, stating it was a boost they needed.</p> <p>CISM:  CISM and Peer Support were provided during the funeral arrangements for Marcus Paxton. Peer Support was provided for approximately 25-30 people. CISM was provided to an individual from a volunteer station during the virtual viewing.</p> <p>CISM was also provided to CCSO for an incident involving an officer shooting. Nine people attended.</p> <p>Concerns:  We have referred an additional 2 people for a higher level of care this week. We are continuing to monitor the 2 employees previously referred. As many are expressing their frustrated fatigue of COVID-19, we are working to find ways to help give employees the extra push they need to get through the fatigue. We have been following other hot spots for insight on the mental health portion. One thing many places are starting to see is the increase of suicide rates in health care workers. As things are starting to slow down in hot spots, many are talking about the “emotional crash” of being on heightened alert for so long and then getting to “relax.” We are currently working to update all of suicide prevention information to start providing it proactively.</p>
