Internally, PIO is working through a media message to share with staff to inform them of an employee case if necessary.</p> <p>The Health Department PIO team has nothing to report.</p>

	<p>Outreach numbers – 12 individuals were reached through outreach efforts today. Clothing and food were provided for 3 individuals. Waldorf sanitation station is in full use. Areas covered: Waldorf two locations and La Plata locations. We continue to provide face coverings to individuals living in encampments who were without. Some individuals have started to receive stimulus checks which allows them to shelter in hotels.</p> <p>We are coordinating testing for shelters and homeless population with the health department. Plans for testing outcomes are being coordinated to mitigate cross contamination staffing is being scheduled appropriately. We continue to look to the CDC Homeless and shelter guidelines for guidance.</p> <p>Additional care packages are being prepared to allow for ease of transfer for isolated individuals. With many staff teleworking at the state level we are having difficulty obtaining vital documents to allow for more permanent housing of two individuals and a service dog we are currently assisting.</p> <p><b>Facilities</b></p> <p>Many facilities have various restrictions on admissions currently which increases the lack of shelter for several individuals. All participants and staff are doing temperature checks daily. Limited access to all facilities. Additional safety measures are being put in place to reduce access to facilities. Guests are not allowed at facilities at this time. Staff antibody testing will take place next week. We have purchased additional PPE's and hand sanitizer.</p>

We are working to be as proactive as possible in hopes we can deflect this trend we are seeing. We will be putting information</p>
