

# Charles County COVID-19

## Incident Action Plan

From  
5/23/20  
8:00 - To  
5/27/20  
8:00

## OPERATIONAL PERIOD

We Are  
Temporarily  
Closed  
by Government  
Mandate

Retailers selling essential items, such as pharmacies, may still be open, as well as restaurants and eateries providing take-out and delivery options.

Please check the **Stores and Dining** sections of the center's website for contact numbers, and information on opening hours.

Thank you,  
Mall Management

# INCIDENT OBJECTIVES (ICS 202)

<b>1. Incident Name</b> Charles County COVID-19	<b>2. Operational Period</b>	Date From: 5/23/20 Date To: 5/27/20 Time From: 8:00 Time To: 8:00			
<b>3. Objectives</b>					
<p>A. Maximize the safety and overall health and well-being, including mental health of the residents, county employees, and responders, throughout this incident. Minimize the effects resulting from this incident on all personnel.</p> <p>B. Conduct surveillance of COVID-19 cases in collaboration with the health department, hospital, physicians, and other health care providers.</p> <p>C. Maintain timely, accurate and uniform communications with residents, employees and first responders as well as partners in the tri-County and National Capital Region and the state of Maryland.</p> <p>D. Prepare for and handle the human reaction crisis contingencies in long terms.</p> <p>E. Prepare for long term order maintenance.</p> <p>F. Prepare for and sustain our communities' hierarchy of needs throughout this incident.</p> <p>G. Ensure all practical steps to "Slow the Spread" of transmission of COVID-19.</p> <p>H. Determine trigger points for Continuity of Operations for all agencies, including government, public safety, schools, hospital, and other critical infrastructure systems.</p> <p>I. Prepare for the New Normal.</p>					
<b>4. Operational Period Command Emphasis</b>					
<p><b>The BLUE Bins at the Hospital, rightside of the Emergency door are for Masks that we intend to DECON. Use trash containers for Trash.</b></p>					
<p><b>General Situational Awareness</b></p> <p>"Don't let COVID-19 knock you out of the fight...wear your PPE, get plenty of rest, eat right, and stay fit!"</p>					
<p><b>5. Site Safety Plan Required?</b> <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p><b>Approved Site Safety Plan(s) Located at:</b></p>					
<p><b>6. Attachments (check if attached)</b></p> <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 33%; padding: 5px;"> <input checked="" type="checkbox"/> ICS 203 <input type="checkbox"/> ICS 207  <input type="checkbox"/> ICS 204 <input checked="" type="checkbox"/> ICS 208  <input type="checkbox"/> ICS 205 <input type="checkbox"/> Map/Chart  <input checked="" type="checkbox"/> ICS 205A <input type="checkbox"/> Weather  <input type="checkbox"/> ICS 206 <input type="checkbox"/> Forcast/Tides/Currents         </td> <td style="width: 33%; padding: 5px;"> <input checked="" type="checkbox"/>  <input type="checkbox"/>  <input type="checkbox"/>  <input type="checkbox"/>  <input type="checkbox"/> </td> <td style="width: 33%; padding: 5px; text-align: center;"> <b>ICS 214</b>  <hr/><hr/><hr/><hr/><hr/> </td> </tr> </table>			<input checked="" type="checkbox"/> ICS 203 <input type="checkbox"/> ICS 207 <input type="checkbox"/> ICS 204 <input checked="" type="checkbox"/> ICS 208 <input type="checkbox"/> ICS 205 <input type="checkbox"/> Map/Chart <input checked="" type="checkbox"/> ICS 205A <input type="checkbox"/> Weather <input type="checkbox"/> ICS 206 <input type="checkbox"/> Forcast/Tides/Currents	<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	<b>ICS 214</b> <hr/> <hr/> <hr/> <hr/> <hr/>

## PUBLIC HEALTH BRANCH BRIEFING COVID-19 PANDEMIC RESPONSE

**May 22, 2020**

### GENERAL REPORTING INFORMATION

#### INFECTIOUS DISEASE

##### CASE COUNT—CHARLES COUNTY

As of 5/22/2020, total case count for Charles County is 959.

- *The line list with confirmed case counts for Charles County is continuously updated as lab reports are received from MDH, hospitals, and commercial laboratories.*
- *Contact tracing efforts are continuous with a focus on healthcare workers, EMS, and police.*

#### CALL CENTER UPDATE

- Operation time: 0800 to 2200.
- The numbers to call remain the same: 301.609.6717 or 301.609.6777
- Call Center volume is intermittent. Current average is 237 per week. Most calls occur during normal business hours. (46 calls in the last 24 hours)

#### MEDIA, SOCIAL MEDIA AND WEBSITE

- Working on information campaign for Phase I

#### PARTNER/STAKEHOLDER OUTREACH

##### LTC/AL

- The Long-Term Care and Assisted Living call was held yesterday at 3 p.m. by CCDOH nurse liaisons.

##### ALL-PARTNER

- The All-Partner call tomorrow was cancelled in lieu of virtual coalition meeting yesterday.

## **EPI SURVEILLANCE PROFILE FOR STATE**

### **Case Investigation, Surveillance, and Infectious Disease Response (D, Blythe)**

- 1) Latest case counts – total: 44,424 (183,478 negative)
- 2) New cases: 893
  - a) Age distribution:
    - i) under 18 years - 2 %
    - ii) in 19-64 age range 74%
    - iii) in 65+ age range 24%
  - b) Geographic distribution:
    - i) National Capital 53%
    - ii) Baltimore Metro area 41%
    - iii) Eastern Shore 3%
    - iv) Southern 2%
    - v) Western 1%
  - c) Of cases, 53% female; 47% male
  - d) Hospitalizations (-45 last 24 hours); total current 1,329; total ever 7,634
  - e) Deaths -- Total 2,092 (47 last 24 hours)
  - f) Release from isolation – 3,243

**CONFIDENTIAL – (INFORMATION BELOW IS FOR CORE PLANNING GROUP ONLY)**

### **RESOURCE DISTRIBUTION**

- 3 requests received and filled (1 – LTC/ALF – Adult Day program, 2 – dentist)
- 2 additional orders were filled that basically fell through the cracks while the system was getting up and running. Both were extremely happy to receive PPE. (1 – doctor, 1 – youth home)

### **VOLUNTEERS**

#### **MARYLAND MEDICAL RESERVE CORPS**

- No new responders were accepted into MMRC today

#### **CAREGIVER SERVICE CORPS**

- Nothing new to report

### **TESTING**

#### **VEIP TESTING SITE UPDATE**

- Tested to Date: 1250
- 168 appts were opened for Thurs – 84 tested (76 appts booked – 3 cancelled and 2 were no shows) thus, tested 71 w/appts and 13 no appointments). There were 2 turn-arounds w/out appointments before we chose to take no appointments.
- At this point, the fact that we are accepting ‘no appointments’ is not to be advertised. The ‘no appointment’ situation is being discussed/determined at state for sites that were not announced as the walk-up sites.
- As of now, MDARNG will be pulling out at the end of May. CCSO looking at possibility of

providing a couple cadets to assist. The bare minimum traffic control staff would be 3 – optimum is 4-5. I am looking at CCDOH staff and MRC volunteers as well.

- Two MSPs are on site for security. One is posted at Intake 1 (just before turning R onto the circle heading to the station) and the second is posted just outside the exit bay doors.
- Ops run Tuesday/Thursday from 0930 to 1400. Morning brief is at 0850. Lunch is provided.

## **EPIDEMIOLOGY AND SURVEILLANCE**

### **Charles County**

***Epidemiologist's Note:** All data presented in the Charles County profile is a snapshot of the COVID-19 situation at one specific time period. Please be cognizant that data may differ from numbers presented later in the day since new positive lab results are being received by the state and local health department and entered into NEDSS electronic surveillance system throughout the work day. This explains any discrepancies in the total count or denominator being used to calculate each data measure; therefore, the date and time of data extraction for each data source is provided for your reference.*

**As of 5/22 at 9 a.m., total case count for Charles County was 959 cases.**

There was a total of 13 new cases in the last 24 hours.

**There have been 65 confirmed deaths associated with COVID-19.** This equates to 6.8% of total confirmed cases. The Charles County death rate of 6.8% is higher than the MD state average death rate of 4.7%. However, it should be noted that the majority of deaths in Charles County are associated with outbreaks in skilled nursing facilities. The death rate for Charles County is going down from a high of 7.3% now that the outbreaks at skilled nursing facilities have been contained and/or reduced. There are 2 probable COVID-19 deaths. COVID-19 is listed as the cause of death, but laboratory testing has not yet confirmed.

Average age of fatalities: 76.7 years

#### **Age Distribution of Fatalities:**

- 0-39 years: 0
- 40-69 years: 14 (20.9%)
- 70-79 years: 28 (41.8%)
- 80+ years: 25 (37.3%)

**Gender breakdown among fatalities:** 44 or 65.7% Female, 23 or 34.3% Male

#### **Racial breakdown among fatalities:**

- 43.3% Non-Hispanic White
- 46.3% Non-Hispanic Black
- 4.5% Non-Hispanic Asian
- 4.5% Hispanic
- 1.4% Unknown

#### **Location of death:**

- Hospital Inpatient: 61.2%
- Nursing Home: 25.4%
- Other/Home/Emergency Room/Outpatient: 13.4%

- Number of negative lab results: 5011
- Positivity Rate: 16.1% (State positivity rate: 19.5%)
- Recovered and released from isolation: 268
- Partially recovered with improved symptoms: 55
- Known asymptomatic cases: 19
- 178 or 18.6% required hospitalization. Hospitalization rate is steadily decreasing. Peak in hospitalization rate coincided with the peak in the skilled nursing facility outbreaks.
- Among confirmed cases, 541 (56.4%) Female; 418 (43.6%) Male
- 13% Healthcare Workers
- 1.6% First Responders: EMS, Fire, Law Enforcement
- 27% have underlying health conditions
- Age range of positive COVID-19 cases: 0-100 years

#### Age Distribution for Charles County cases:

- Under 18 years: 28 (2.9%)
- 18-64 years: 743 (77.5%)

- 65+ years: 188 (19.6%)

**Epidemiologist's Note Concerning Race breakdown:** The data is now being captured in the MDH line lists of confirmed cases in REDCap. Data was accessed on 5/22 at 9 a.m. Please be cognizant that data may differ from numbers pulled later in the morning since new positive lab results are being received by the health department and entered into NEDSS throughout the work day. This explains any discrepancies in the total count or denominator being used to calculate each data measure.

**Total: 959 cases on 5/22 at 9 a.m. MDH line list assessed through REDCap:**

Data on race and ethnicity changes daily as case investigations are completed and more information on demographics is updated in the electronic reporting disease system. Additionally, when there is an influx of new cases in electronic reporting disease system, data on race and ethnicity may not be available immediately for new cases since race information is not typically captured on a lab report and must be obtained during the investigation.

### Race Breakdown

- Black/African American: 385 (40.1%)
- White: 226 (23.6%)
- Other or 2+ races: 76 (7.9%)
- Data not available/Declined to Answer: 257 (26.8%)

### Ethnicity Breakdown

- Hispanic 61 (6.4%)
- Non-Hispanic 611 (64.6%)
- Data not available/Declined to Answer: 274 (29.0%)

### Surveillance of Urgent Care

ESSENCE data for urgent care utilization at Patient First in Waldorf had no alerts for Thursday May 21st. Patient volume was 21 patients. Patient volume was very low on Thursday. All were discharged to home for self-care.

On 5/21, 16 patients presented with ILI or at least one COVID-19 like symptoms (76% of total patient volume). Most ILI presented for a COVID-19 test (13/16). Diagnoses for ILI patients on Thursday included contact with and exposure to other viral communicable diseases, encounter for screening for viral disease, unspecified viral infection, and cough. On 5/21, there were 9 “Visit of Interest” CDC Classifier tags that lead to the yellow alert. They were due to COVID-19 exposure to a positive case, and all cases presented for a COVID-19 test. There were no other CDC Classifier tags. They completed a total of 13 COVID-19 tests in their drive-up testing site on 5/21.

### Surveillance of EMS call data and alerts

The epidemiologist monitors the Charles County DES First Watch trigger alerts. The number of daily trigger alerts for COVID-19 cases or COVID-19 persons under investigation was 12 for 5/21. PUI EMS call volume has some fluctuation but remains low.

- 5/16: 8
- 5/17: 12
- 5/18: 11
- 5/19: 7
- 5/20: 10
- 5/21: 12

**Nursing Home Outbreak Data:** (*Confidential: Not for public dissemination*)

- Positive resident cases in Skilled Nursing Facilities/Assisted Living Facilities: 144
- Positive staff cases in Skilled Nursing Facilities/Assisted Living Facilities: 56
- Among those 144 resident cases, 109 are in skilled nursing facilities and 35 are in assisted living facilities.
- Current residents or staff who are Persons Under Investigation (PUI) in Skilled Nursing Facilities/Assisted Living Facilities: 3
- Total currently hospitalized: 3
- Deaths: 48
- Pending tests for residents or staff at Skilled Nursing Facilities/Assisted Living Facilities: 6
- The outbreak at Genesis Waldorf was closed on 5/4 after 14 days with no new positive cases among residents or staff. The outbreak at Sagepoint was closed on 5/19 after 14 days with no new positive cases among residents or staff.

**Charles County Efforts to Address the Governor's Executive Order regarding testing in Skilled Nursing Facilities:**

- All 4 skilled nursing facilities in Charles County received testing kits for their residents and completed resident testing by the close of business on Friday, 5/1. Lab results have been received for each facility. A total of 371 residents in skilled nursing facilities were tested. 35 or 9.4% of those tests came back positive for COVID-19.
- Genesis La Plata and Waldorf tested their staff on Friday, 5/15. There were 2 positive staff members at Genesis Waldorf and 3 positive staff at Genesis La Plata. We are determining if they were previously known positive or new positive cases.
- Restore will be testing all of their staff on Friday, 5/22. Results should be back from the lab early next week.

## The Number of COVID-19 Positive Confirmed Cases by Date for the Top 5 Most Impacted Zip Codes

**Epidemiologist Note:** Please use caution when drawing any conclusions regarding race or ethnicity. There is still a percentage where race data is not available, and information regarding this missing population cannot be assumed. Additionally, it should be noted that the greatest number of cases (60.9%) are the Waldorf zip codes of 20601, 20602, and 20603. Over half of the county population lives in those zip codes. Additionally, those zip codes have a very diverse population with minority populations comprising the majority of the zip code level population and with African Americans being the largest racial group in those zip codes.

Zip Code level data was also analyzed using the MDH line lists of confirmed cases in REDCap. Data was accessed on 5/22 at 9 a.m. (*Zip code level data with counts less than 7 cases cannot be shared publicly and must remain confidential.*)

**Confirmed cases by zip code:**

Zip code:	Total number of positive cases	Number of new positive cases in the last 24 hours	Number of new negative lab results in the last 24 hours	Case Rate per 1000 residents
20601	160	2	22	6.541
20602	184	2	11	7.534
20603	240	4	12	8.320
20604	3	0	1	NA
20611	5	1	1	3.711
20613	23	0	0	.675
20616	32	1	2	5.464
20617	1	0	2	NA
20622	6	0	0	2.041
20625	0	0	1	0
20632	2	0	0	NA
20637	22	1	7	4.241
20640	36	0	2	3.545
20645	2	0	0	0
20646	117	1	10	6.141
20658	5	0	1	NA
20662	14	0	0	4.772
20664	17	0	7	6.026
20675	8	0	0	4.788
20677	11	0	2	4.737
20693	3	0	1	NA
20695	57	1	7	8.831

- Charles County Cases Rates by Date

*Case rates are only calculated for zip codes with 4 or more confirmed COVID-19 Cases.*

COVID-19 Positive Case Rate per 1000 residents for each zip code with 5 or more confirmed cases:	5/18	5/19	5/20	5/21	5/22
20601	5.796	6.044	6.375	6.458	6.541
20602	6.652	6.932	7.213	7.453	7.534
20603	7.422	7.767	7.940	8.182	8.320
20611	2.783	2.783	2.783	2.783	3.711
20616	4.951	5.122	5.293	5.293	5.464

20695	8.537	8.537	8.537	8.684	8.831

## MISCELLANEOUS

ADDITIONAL INFORMATION: *This includes the following:*

*Respectfully submitted by Charles County PHEP*

## **HOSPITAL BRIEF 5-22-2020**

- The Emergency Department surge tents have been taken down due to low patient census. The surge tents will be put back up if patient census indicates the need for surge tents in the future.
- Hospital Bed Capacity = 166. Census = 59
- Hospital ICU Census = 8
- Hospital ICU in now a dedicated COVID-19 Unit, and 3 East is for ICU overflow.
- Isolation Room Capacity = 12
- Isolation Rooms Occupied = 4
- Confirmed positive cases of COVID-19 patient admissions = 12
  - All twelve (12) of the COVID-19 positive patients five (5) are on the ICU COVID -19 dedicated unit. Seven (7) positive patients are on the 3 South COVID dedicated unit.
- PUI admissions = 9
- Ventilated COVID-19 positive patients = 4
- Ventilators not in use = 16
- COVID-19 related deaths = 37 (Total to Date)
- CRMC has implemented a policy that requires ALL staff, visitors (which would be very limited), and contractors of any kind to wear a mask while in the hospital at all times.
- The 3 South patient unit at CRMC is dedicated to COVID-19 positive patients only.
- EMS staff transport for Thursday, 5/21/2020: Three (3) were known COVID positive patients, and two (2) were PUI's
- CMCR total Lab tests to date = 1489 / Positive COVID-19 tests to date = 280

**First Responder Numbers in Charles County: NUMBERS AS OF 5-22-2020 @1230**

16 Quarantine: means exposed and they can't come to work **+10** since last report

1 Self Isolation: means sick or tested positive **-no** change since the last report

**Weather:**

Sat 80-57 sun, Monday 73-55 sun, Tuesday 80-60 sun

**Local:**

No stores visited this AM.

2<sup>nd</sup> protest to re-open Charles County was peaceful. Attendance appeared to be about the same as the previous rally. **Strong rhetoric continues on social media.**

New drive thru testing at the CVS @ CVS Pharmacy, 4200 Altamont Place, White Plains, MD 20695.

**Maryland Update:**

State funded child care for first responders ends 6-7-2020.

MDH launched a new public service announcement encouraging parents to review their children's scheduled vaccination status and bring them up to date on missed vaccinations.

§ The department is raising awareness based on recent data showing a significant decrease in pediatric vaccination rates both in Maryland and across the United States after the national emergency was declared on March 13, due to the COVID-19 pandemic. [MDH](#)

**Region:**

Over 51,842 cases in the NCR as of 1000 5-22-2020.

87,267 cases in Maryland, DC, and Virginia as of 1100 on 5-22-2020.

DC to begin opening on May 29th

Wolftrap cancels all summer concerts

CNMC reports an additional case of PMSI. Current case count: 23 on 5-21-2020.

Several counties in VA offer free drive up testing.

**National:**

AP infection map: <https://apnews.com/7b5a2994d351e5c1697e2c7478e2969c>

CDC now says COVID 19 doesn't spread easily on surfaces.

600 Doctors sign a letter to the President expressing concern about the long-term medical fall out as a result of the continued economic closure.

2.4 million additional Americans filed for unemployment.

Total of 38.6 million Americans have lost their jobs since March.

At least 2 sailors aboard the USS Roosevelt have tested positive for COVID 19 after recovering from their first infection.

**Local critical infrastructure:**

No outages or disruptions are reported or are appear to be likely as of today.

**Predictions/ Analysis:**

- The cascading effects of the prolonged closures, along with community fear and anxiety have led to unintended consequences that we likely have not explored. The recent reports of increasing measles outbreaks due to children not being inoculated likely due to fear and limited availability is a terrific example. It would be wise if task forces or committees were established to better identify, develop proactive frameworks for future responses, and potential solutions prior to full reopening.
- Pediatric Multi-system Inflammatory Syndrome is receiving increasing media coverage (100+ cases in NY, 3 at WDC Children's). We are likely to see increased reports from fearful parents who have limited knowledge but high fear. Factual information spread is needed, ongoing and open channel communication with local pediatricians must start now, redistribution of PPE may be needed, and we should likely begin adding them to EOC operations.
- We appear to be on the downward side or at least seeing a leveling of this crisis. Commander should take this time to review and collect documents needed to begin the AAR process of the tactical portion of this event. Logistics should begin placing orders to build stockpiles for the next round.
- The change at the Gov. Office re: to releasing nursing home case counts and fatalities this week is likely to create more questions than answers. In addition, it is likely to create a public uproar and increase anger.
- The length and scope of this situation have exposed large cracks in food supply chains, medical supply chains, fossil fuel industries, and other major portions of everyday life. Local leaders should begin a gap analysis and start the after-action process so they can create and modernize resiliency plans, local stockpiles, and coming up with other forward leaning solutions so when the next disaster occurs they are more self-sufficient and better prepared.
- While we have concentrated our efforts on peer support and helping our responders, a proactive approach to including families of first responders is quickly emerging. The command structure should consider a Family Support liaison or expand the Peer support branch.
- The increased discussions about opening the economy, added with the on-going conversation about health care in-equity and racial disproportionality of infections is causing increased polarization, angry, and hate. Social media is rampant with spirited discussions. It is only a matter of time before we begin to see emotions spill over into the public. The small protest we have witnessed thus far could pale in comparison to what is to come. LE should be reviewing plans, manpower, and boosting intelligence gathering to better prepare for potential situations.
- Protests over the continuing of stay at home orders, and business closures are becoming more prevalent and boisterous. Law enforcement should begin to make plans on how to track these groups and respond to events.
- First responder staffing and exposure issues will likely continue to increase. Priority messaging about PPE, manpower reduction strategies, and outside the box thinking should be continued and solutions expedited.

- FOIA and PIA requests for detailed records on infections in assisted living and nursing homes will increase as investigative reporting on this issue increases.
- Grocery stores could become a hotbed of fear and anxiety due to limiting numbers of patrons, assigning shopping days, mask requirements, and now limited meat supplies.
- As critical case in Charles County remain low (outside of nursing homes and assisted living homes), needs in other local jurisdictions are growing. Resources should be prioritized and plans should be made to share/deploy critical resources, personnel, and/or facility space to meet the needs regionally.
- The longer this crisis continues the more likely we are to experience critical events that may not be related to the COVID crisis (incidents within the incident). Those in leadership positions need to be prepared to step into dual leadership/managerial roles at a moment's notice. This requires taking care of yourself and staying up on the latest tactics, strategies and knowledge.
- Planning for crisis recovery starts as soon as the crisis begins. Monday marks the 8<sup>th</sup> weeks of this crisis, 6<sup>th</sup> week of schools being closed. Partners and stakeholders should begin planning for what the return to the “new normal” looks like in their organization. Sharing of these plans will help each organization build more comprehensive processes.
- Over the weekend the US will likely eclipse 500,000 cases and 15,000 deaths. Md numbers will likely pass 5000 and 150 fatalities by Friday. These numbers will cause increased pressure to ratchet up rhetoric re: “stay at home orders” and could result in further sanctions and restrictions.
- As the confirmed case numbers continue to rapidly ascend the likelihood of jurisdictions issuing “travel bans” increases. Law enforcement should begin researching the constitutionality of these potential edicts and have plans in place for implantation and begin to develop a public communication strategy. Standardizing local “travel authorization documentation” should be explored by the lead jurisdiction having authority.
- Due to diverted attention, the international and domestic terrorism threat is rapidly increasing. Responders should be reminded to remain vigilant and of the DHS guidelines for spotting suspicion activities and terrorism indicators.
- As we enter into the reported peak of this situation communication, along with sharing of individual branch capability and capacity is more important now than ever. “We don’t know what we are going to need to know until we need to know it.”
- First responder organizations should begin surveying members for pre-existing conditions and other complicating medical conditions. Responders found to have pre-existing conditions should be placed in limited citizen contact roles.
- A review of the 179 countries that report COVID-19 cases, only two (South Korea and China) have somewhat “flattened the curve” of NEW infections. Both showed flattening roughly 30 to 45 days after the initial spikes. The initial spike in the US began around 3-18-2020.
- Reduced stability in the supply chain along with increased fear and anxiety can be expected with today’s “stay at home order.”

- After 3 weeks of social distancing and schools being closed non-english speaking communities within Charles County are likely feeling further isolated due to a lack of language specific communications. Direct and increased messaging to Spanish speakers is likely necessary.
- As mass transit continues to shrink in availability, plans should be made to ensure those who rely on it for essential supplies and trips have delivery resources.
- LE and EMS screening protocols should include questions about recent travel to NY, NJ, CT, and FL.
- Immediate attention is needed to direct companies and organization on the proper processes and appropriate contact to use (Donation Manager at the EOC) to donate PPE and cleaning materials to essential personnel
- The next 7 days will likely see a stabilization of a majority of the grocery supply chain. However, the potential for disruption moving forward continues to remain high.
- FOIA and PIA request from media and citizens groups will likely begin to increase the longer this event lasts. “New normal” processes need to be established as soon as possible.
- Lack of child care options will likely add to family stress. Additional resources, activity and options are needed.
- JIC staff should substantially amplify community resource communications
- As we enter the 2<sup>nd</sup> week of social distancing stress, anxiety, and fear will likely increase. Continuous reminders of patience and focusing on kindness will become increasingly important.
- Many stores restock overnight. Seniors and the vulnerable populations should be strongly encouraged to shop during the early morning hours when supplies are likely to be at their highest.
- As testing increased the confirmed cases in MD will increase. This will likely cause additional life restrictions.
- Supply chain issues will continue and likely increase as further life interruptions and travel restrictions are ordered. The possibility of violence increases as stress increases, especially at grocery stores.
- Commanders of responders and essential staff should have robust plans for potential quarantines and updated continuity of operations including plans for diminished manpower. Further, responder organizations should begin reviewing existing integration plans with the National Guard.
- Obtaining medical supplies and PPE will continue to be an issue for the foreseeable future. All services should use the command ordering process so orders can be tracked.
- The community of Charles County is showing increased signs of pulling together and assisting one another. The JIC should continue to encourage civility and increase positive press of good news stories occurring throughout our community.

“The most effective leaders in crises ensure that someone else is managing the present well, while focusing their attention on leading beyond the crisis toward a more promising future” (Nutley and Marcus, 2019, Harvard Business Review)

# Law Enforcement Branch Briefing

## COVID-19 Charles County IMT

### May 22<sup>th</sup>, 2020

#### **Buildings:**

Charles County Sheriff's Office: District 1 Lobby is closed for scheduled remodeling. The District 1 clerks have moved to the CCDC Annex building in the same parking area and that lobby is open as normal.

Maryland State Police: Restricted to public

Maryland Transportation Authority: Closed to Public

La Plata Police Department: Closed to the public

Natural Resources Police: Building Closed

#### **Operations:**

Charles County Sheriff's Office: Operations have gone to emergency scheduling in accordance with a CCSO level 3 All-Hazards activation. Patrol operational periods are 12 hours from 0700-1900 and 1900-0700. All other operations sections running with normal services being provided from modified locations. Services provided have not been reduced or augmented.

Maryland State Police: Operations as normal.

Maryland Transportation Authority: Operations as normal.

La Plata Police Department: Operations as normal; Doing screening in and screening out.

Natural Resources Police: Operations as normal.

#### **Internal COVID-19:**

Charles County Sheriff's Office:

- 14 Sworn Officer quarantined
  - 12 Officers who had contact with COVID positive officer, estimated return to work on 05/25/20
  - 1 Officer who had contact with COVID positive person off-duty, estimated return date of 05/27/20
  - 1 Officer who had contact with COVID positive person off-duty, estimated return date of 06/03/20 changed from 05/31/20 due to another family member testing positive and extending the necessary quarantine time
- 1 Sworn Officers isolated
  - Officer isolated due to positive test
- 1 Correctional Officer quarantined
  - 1 Correctional Officer who has family member with a positive test. Estimated return date - 05/25/20

- 0 Correctional Officers isolated
- 0 civilians quarantined.
- 0 civilians isolated.

Charles County Detention Center Population:

- **107 inmates**
- 0 COVID positive inmates
- 0 Inmates with symptoms

Maryland State Police: None local

Maryland Transportation Authority: None local

La Plata Police Department: None

Natural Resources Police: None local

### **Definitions**

*Quarantine:* Quarantine is the process of keeping an asymptomatic (no symptoms) person who had a reported exposure away from other people.

*Isolation:* Isolation is the process of keeping a symptomatic or positive person away from all other people.

### **Crime Stats:**

Crime continues to be down in all aspects.

### **TRU:**

Charles County Sheriff's Office: Open and working; triage site for COVID-19 calls for service.

Maryland State Police: Open and working.

Maryland Transportation Authority: Open and working.

La Plata Police Department: Open and working.

Natural Resources Police: Open and working.

### **Call Restrictions:**

Charles County Sheriff's Office: None

Maryland State Police: None

Maryland Transportation Authority: None

La Plata Police Department: None

Natural Resources Police: None

**Governor's Order Violations since Emergency Orders Issued:**

Violation sustained calls for service: 61

Warnings: 58

Charges later: 2

On-scene arrest: 1

**Health Department Order Violations (Between 04/16/20 and 04/18/20):**

*Calls for Service*

Founded: 5

Unfounded: 10

*Dispositions*

Warnings: 5 issued

**Items of Note: (Not for redistribution)**

Changes denoted in red.

Charles County Public Schools Briefing 5-22-2020  
COVID Charles County

**48-hour Priorities:**

- Maintaining instructional continuity
- Expanding and maintaining food service
- Expanding and maintaining WiFi service
- Develop a plan for closing SY 19-20

**Meals:**

Thursday, 5/21/20 CCPS served 4434 meals at the 11 meal distribution sites. The total was -280 from the meals served on Wednesday, 5/20/20.

No Meal Services on Saturday, Sunday or Monday.

Meal sites located at high schools are closed on the day of their graduation events. Sites will be closed at Lackey and McDonough on June 1, at Westlake on June 2 and St. Charles on June 3. All other meal sites will operate as usual. CCPS is working on arrangements to implement the summer meals program Lunch on Us. CCPS will share details as they are finalized.

**Closure:**

Nothing new to report.

State Superintendent of Schools Karen Salmon announced all Maryland public schools will remain closed until the end of the 2019-20 school year. Distance learning will continue for Charles County Public Schools students. All schools, buildings and centers will remain closed to the public.

**Instruction:**

The final round of learning packets for elementary school students will be at meal sites starting May 28. There are no additional packets for secondary students. Starting on June 1, middle and high school teachers will use Teams for the final two weeks of instruction. Teams lessons are canceled for high school students on the day of their school's in-person graduation event. This includes Henry E. Lackey and Maurice J. McDonough high schools on June 1, Thomas Stone and Westlake high schools on June 2, La Plata and St. Charles high schools on June 3, and North Point High School on June 4.

As Charles County Public Schools (CCPS) moves into the fifth and sixth weeks of distance learning, new assignments are now available for students online at [www.ccboe.com](http://www.ccboe.com). Paper packets with the new material are available at our 11 meal distribution sites. New paper packets are being distributed May 18-29.

**Community Wifi:**

Access point equipment has not arrived in shipping as of yet. No construction on this project has begun.

All four sites are up and running and seeing use. CCPS in process of 3 other additional WiFi sites, will enable students and staff to access CCPS network not just the internet. Installation will begin once equipment arrives at Dr. Mudd Elementary, Somers Middle School, and Gail Bailey Elementary School, adding to the other four hot spots of Piccowaxen Middle School, Henson Middle School, TC Martin Elementary School, and Mt. Hope Nanjemoy Elementary School.

**Misc:**

DC Public schools announced they will begin classes, either in person or distance learning, 8/31/20.

CDC released a new graph of how to resume to school safely. See Below:

## New CDC Guidelines for Reopening Schools

- Wear masks if over the age of 2
- No sharing of items or supplies
- Clean and disinfect frequently touched surfaces between uses
- Develop a schedule for increased, routine cleaning and disinfection
- All belongings separated into individual cubbies or labeled containers
- No sharing electronic devices, toys, games, or learning aids
- Desks should be 6 feet apart and all facing the same direction
- One child per seat on school buses and skip rows between riders
- Install sneeze guards or partitions where 6 feet apart won't work
- One-way routes in hallways
- Tape on sidewalks and walls to ensure kids stay 6 feet apart
- No shared spaces, including cafeterias and playgrounds
- Physical barriers or screens between sinks in bathrooms
- Only pre-packaged boxes or bags of food instead of hot lunch lines
- Kids eat lunch in classrooms
- No field trips, assemblies, or external organizations in schools
- Same children stay with the same staff all day
- No switching groups or teachers
- Stagger student arrival and departure times to limit crowds of kids
- Limit volunteers and visitors
- If possible, daily health and temperature checks
