

Incident Action Plan

From 6/16/20 8:00 To 6/23/20 8:00 -

OPERATIONAL PERIOD

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name Charles County COVID-19	2. Operational Period	Date From: 6/16/20 Date To: 6/23/20 Time From: 8:00 Time To: 8:00	
3. Objectives			
A. Maximize the safety and overall health and well-being, including mental health of the residents, county employees, and responders, throughout this incident. Minimize the effects resulting from this incident on all personnel.			
B. Conduct surveillance of COVID-19 cases in collaboration with the health department, hospital, physicians, and other health care providers.			
C. Maintain timely, accurate and uniform communications with residents, employees and first responders as well as partners in the tri-County and National Capital Region and the state of Maryland.			
D. Prepare for and handle the human reaction crisis contingencies in long terms.			
E. Prepare for long term order maintenance.			
F. Prepare for and sustain our communities' hierarchy of needs throughout this incident.			
G. Ensure all practical steps to "Slow the Spread" of transmission of COVID-19.			
H. Prepare for the New Normal.			
I. Conduct an After Action Analysis including all divisions and functions of the COVID-19 response.			
4. Operational Period Command Emphasis			
On EMS calls- one person in (minimum of gloves, and N95) investigate, if a PUI, STOP and gown up including eye protection. SO 2020-01, Section B-3.			
General Situational Awareness			
"Washing your hands and not touching our face are 2 keys to stopping the spread."			
5. Site Safety Plan Required? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Approved Site Safety Plan(s) Located at:

County Name

Gating Benchmark Metrics

Focus on gating benchmarks for continued safe rollout of expanding reopening efforts, and as we transition from “Stay at Home” to voluntary “Safer at Home”

“Stop Signs”

- An unexpected increase in hospitalizations or a sustained increase in cases requiring intensive care; and sustained increase in cases over a period of five or more days
- Increase in number of daily COVID deaths
- Indications that Marylanders are disregarding physical distancing guidelines
- Significant outbreaks of community transmission (not clusters or outbreaks in particular nursing homes or vulnerable communities) where contact tracing cannot establish the route of the spread

Education, Communication and Cooperation are the Keys to Success

- ❖ Building a strong Public – Private coalition
 - Chamber Of Commerce
 - County Government Leaders
 - Economic Development Commissions
 - College of Southern Maryland
 - Business owners and employees
 - Public
- ❖ Providing timely and consistent messaging to the public
- ❖ Providing timely and consistent messaging to businesses

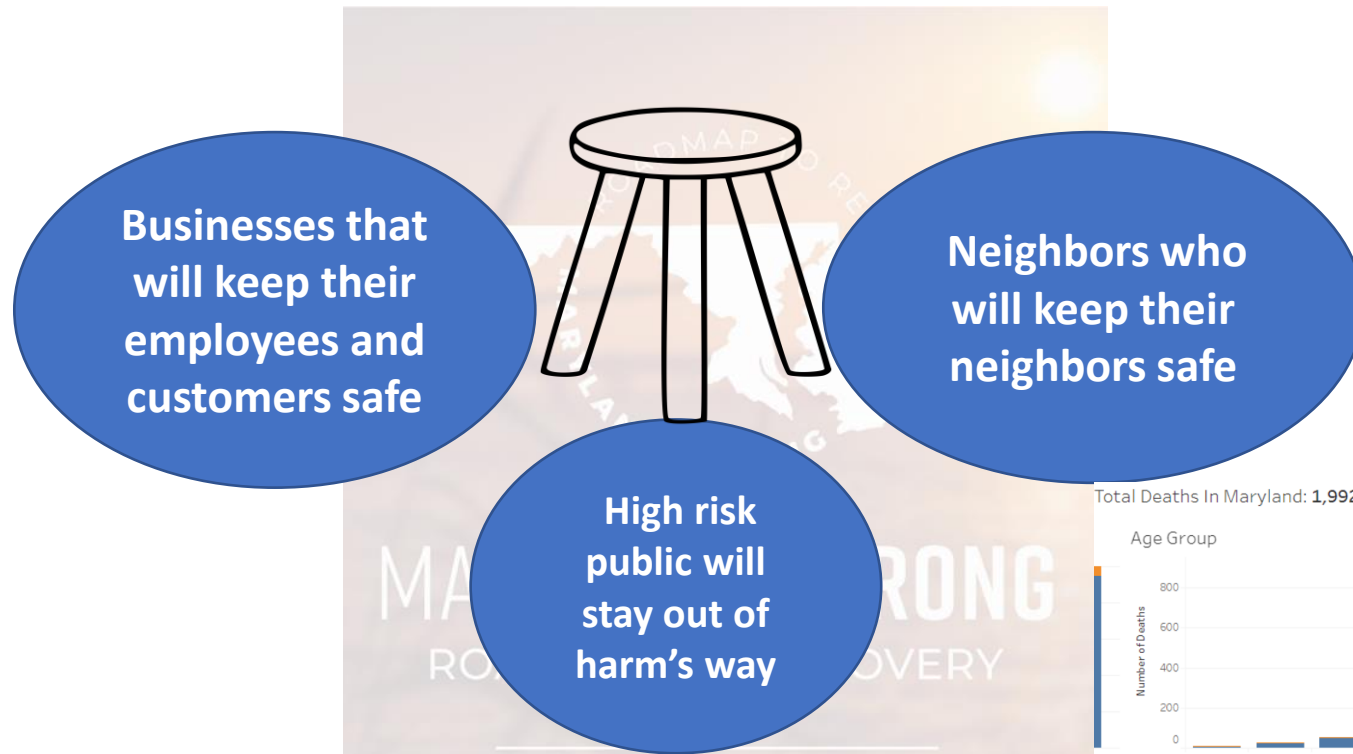

Operating a Business Safely

- ❖ Sick employees should not work
- ❖ Social distancing policies in place
- ❖ Facial coverings required
- ❖ Flexible policies for telework and leave
- ❖ Cough and sneeze hygiene
- ❖ Hand hygiene
- ❖ Routine environmental cleaning, especially “high-touch” surfaces
- ❖ Education and training
- ❖ Open communications with employees, vendors, contractors

**I will keep you safe and you will keep me safe
Together we will stay safe and restore the economy**

Total Deaths In Maryland: 1,992

Age Group

**Hand Hygiene-Face coverings- Social distancing- Screen and Test
No gatherings of more than 10**

Maryland Strong Starts in Charles County

Maryland Strong: BACK TO BUSINESS PLEDGE

Maryland's business community plays a critical role in protecting our citizens and preventing another surge of COVID-19 infections.

Because we are committed to the safety and health of our valuable employees and customers, we pledge to:

Create an environment that allows for physical distancing between individuals (6 feet is recommended) to the extent possible.

Ensure our place of business is routinely cleaned and encourage our employees to frequently wash their hands.

Provide flexibility to our employees, provide training and education and clearly communicate policies and procedures.

Reduce and disinfect as many 'high touch surfaces' as possible.

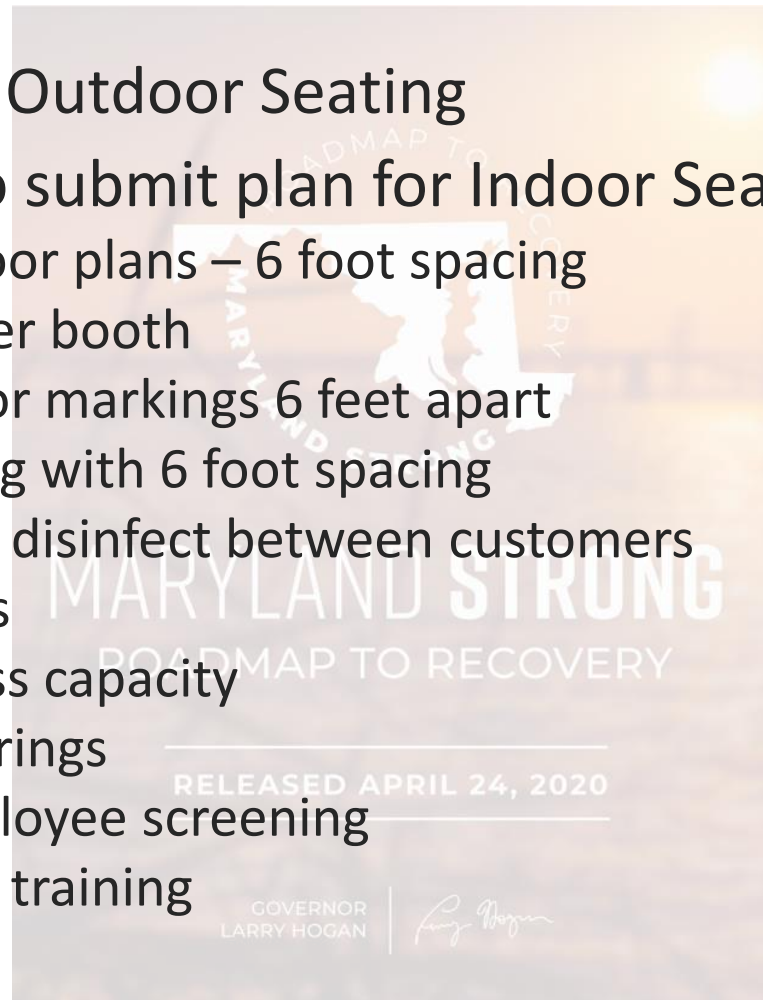

Additionally follow guidance provided by the CDC, the Maryland Department of Health and our own industry.

Signature _____

Company Name _____

Restaurants

- ❖ Indoor and Outdoor Seating
- ❖ Required to submit plan for Indoor Seating
 - Modify floor plans – 6 foot spacing
 - Every other booth
 - Visual floor markings 6 feet apart
 - Bar seating with 6 foot spacing
 - Clean and disinfect between customers
 - No buffets
 - 50% or less capacity
 - Face coverings
 - Daily employee screening
 - Employee training

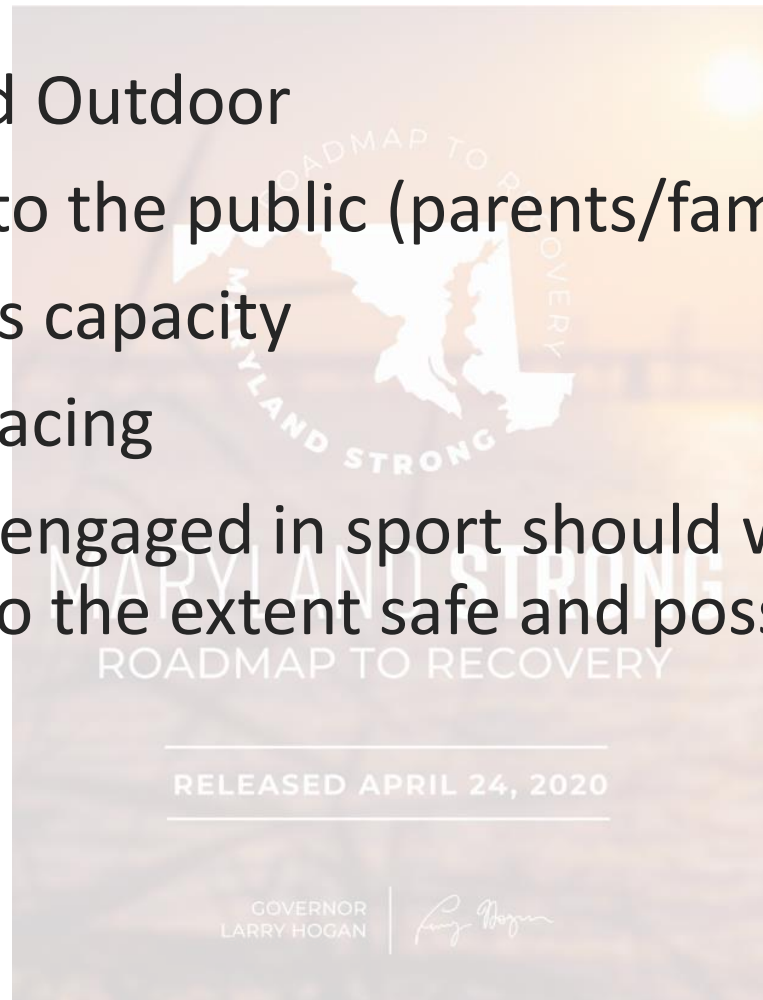

Professional Sports Gatherings and Events

- ❖ Indoor and Outdoor
- ❖ Not Open to the Public
- ❖ Maximum Occupancy 50% or less
- ❖ Six foot social distancing
- ❖ Wear face coverings to the extent possible

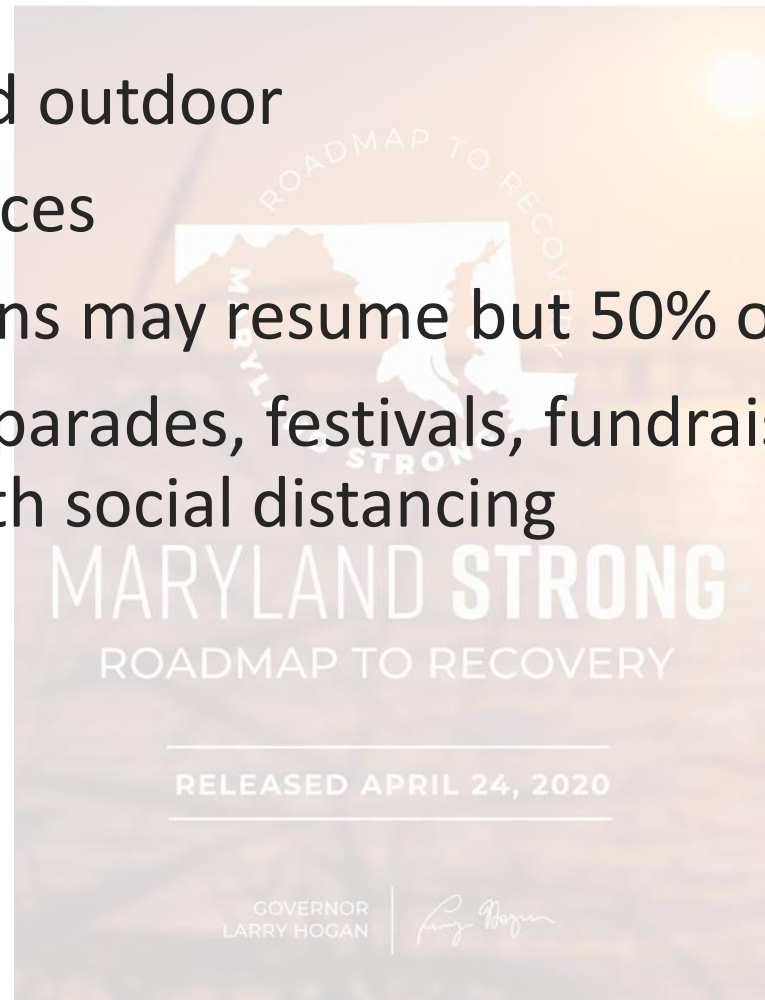

Youth and Amateur Sports Gatherings and Events

- ❖ Indoor and Outdoor
- ❖ Not open to the public (parents/family allowed)
- ❖ 50% or less capacity
- ❖ Six foot spacing
- ❖ Individual engaged in sport should wear facial coverings to the extent safe and possible

Community, Recreational, Leisure and Cultural Gatherings and Events

- ❖ Indoor and outdoor
- ❖ No audiences
- ❖ Conventions may resume but 50% or less capacity
- ❖ Outdoors parades, festivals, fundraisers may resume with social distancing

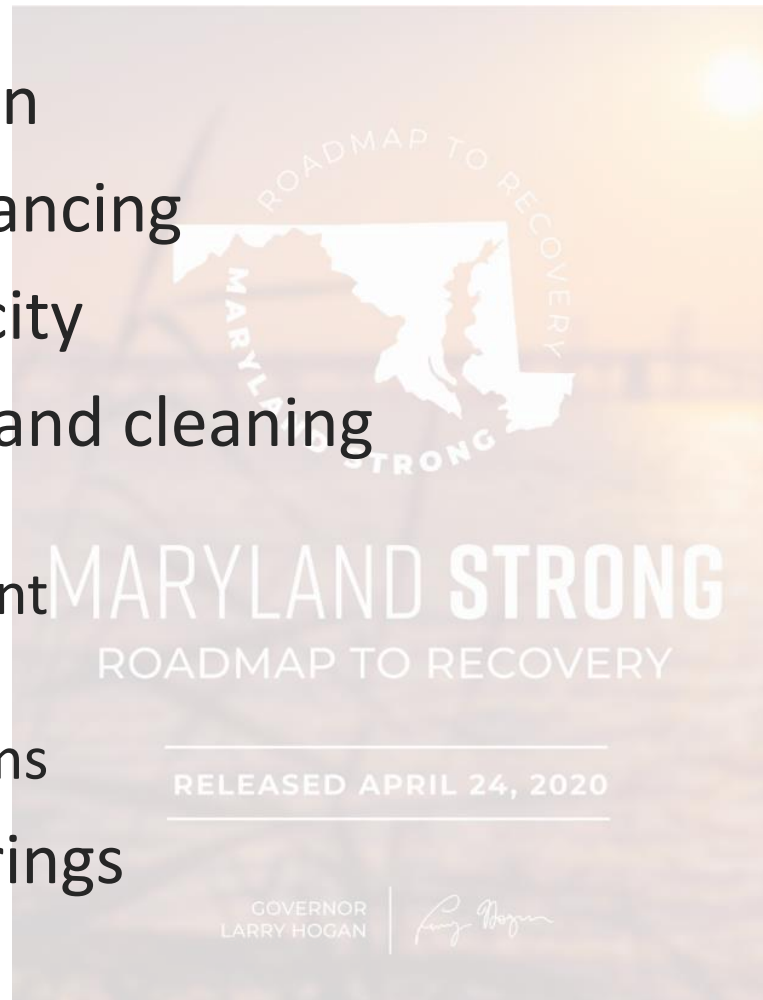

Fitness Centers

- Not to exceed 50% capacity
- (Clean and sanitize equipment)
- (Social Distancing)

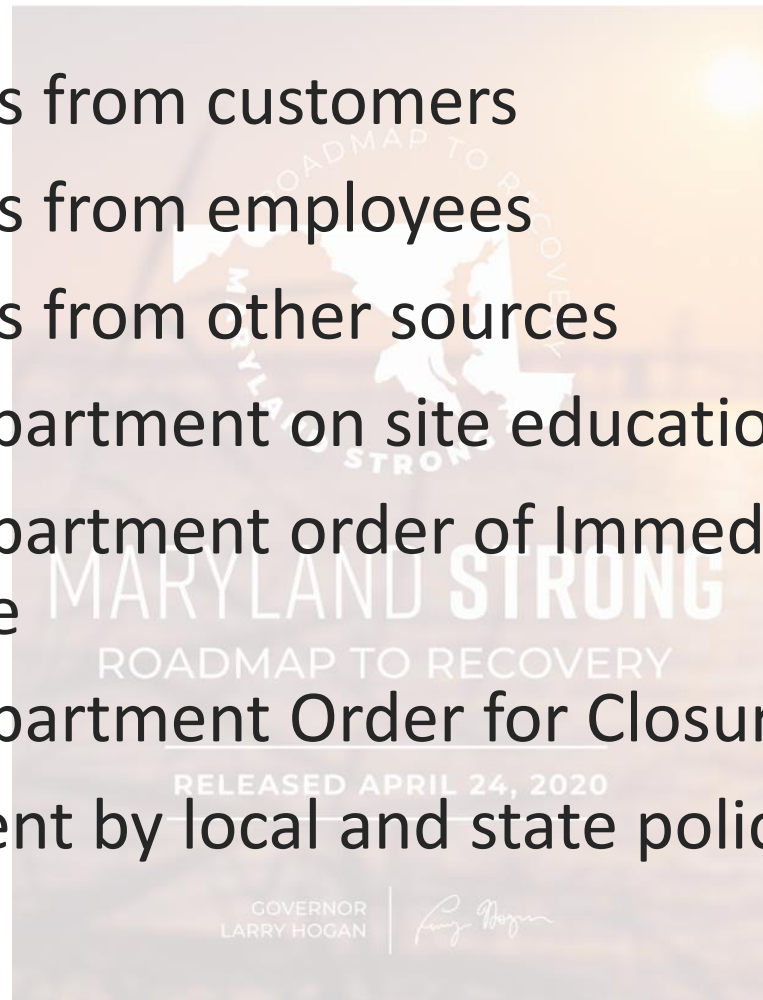

Pools

- ❖ Preparation
- ❖ Social distancing
- ❖ Pool capacity
- ❖ Sanitizing and cleaning
 - Pool
 - Equipment
 - Surfaces
 - bathrooms
- ❖ Face coverings

Compliance is a Complaint Driven Process

- ❖ Complaints from customers
- ❖ Complaints from employees
- ❖ Complaints from other sources
- ❖ Health Department on site education
- ❖ Health Department order of Immediate Compliance
- ❖ Health Department Order for Closure
- ❖ Enforcement by local and state police

Opportunity to Build a Coalition

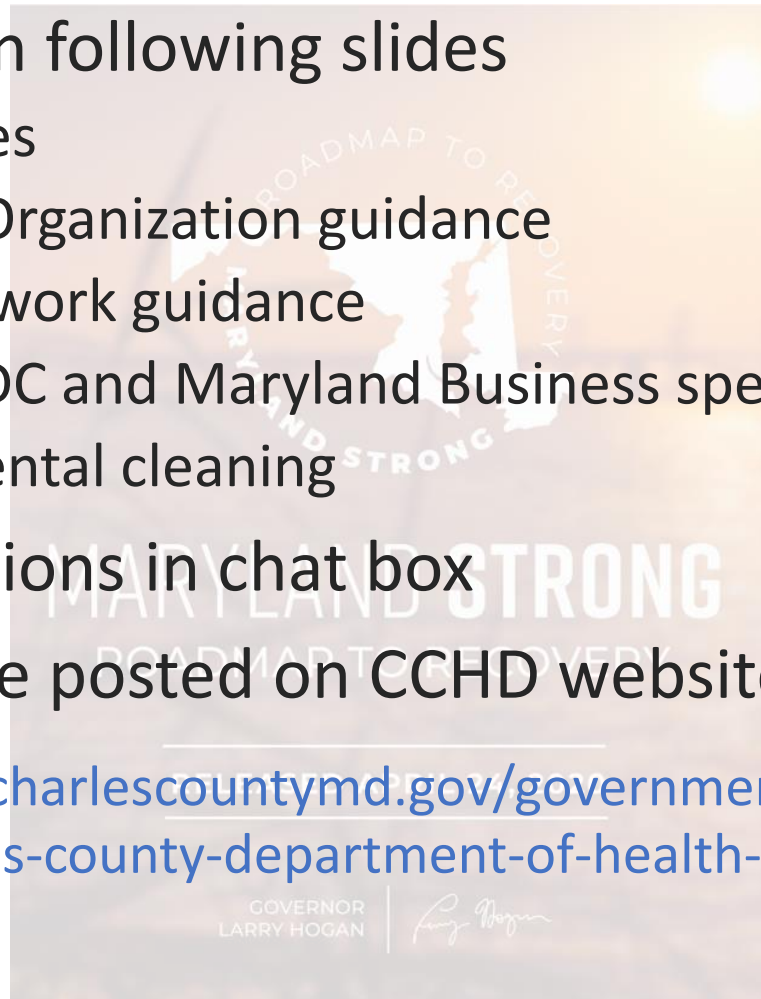

Charles County Cares 2020

- ❖ Interested parties – register at:
<https://www.charlescountymd.gov/government/other-agencies/charles-county-department-of-health-covid-19-updates/back-to-business>
- ❖ Weekly meetings, by Conference call for now
- ❖ Anchor Organizations
 - Charles County Chamber of Commerce
 - Charles County Economic Development Commission
 - College of Southern Maryland
- ❖ Goals
 - Education
 - Business and Industry promotion and technical assistance
 - Promoting Charles as an example of safe recovery
 - Workforce development

<u>Strouse</u>	Carroll	Adhesive solutions	N-95 masks
<u>X-Laser</u>	Howard	Laser light show systems	Face shields

Employer and Health Care Provider Guidance on Return to Work

RELEASED APRIL 24, 2020

GOVERNOR
LARRY HOGAN

Employee Return to Work – Confirmed or Suspected COVID-19

1. Employee has suspected COVID-19 (suspected means the employee has symptoms* but has not been tested), or has symptoms and has tested positive.

*Symptoms include cough, shortness of breath or difficulty breathing, fever (subjective, or measured temperature of 100.4° F. or more), chills, muscle pain, sore throat, new loss of taste or smell, or gastrointestinal symptoms like nausea, vomiting, or diarrhea

2. Employee has confirmed COVID-19 (has had a positive laboratory test), but has had no symptoms.

Return to Work Based on Symptoms

The employee may return to work when:

- At least 3 days (72 hours) have passed fever-free without the use of fever-reducing medications; AND
- Improvement in respiratory symptoms (e.g., cough, shortness of breath); AND,
- At least 10 days have passed *since symptoms first appeared*.

At least 10 days have passed since the date of the first positive COVID-19 diagnostic test, and the employee has not subsequently developed symptoms since their positive test.

If symptoms develop, use Return to Work guidance in Category 1, above.

Note, because symptoms cannot be used to gauge where these individuals are in the course of their illness, it is possible that the duration of viral shedding (infectiousness) could be longer or shorter than 10 days after their first positive test.

GOVERNOR
LARRY HOGAN

Employee Return to Work – Exposed Employee

3. Employee has no symptoms, but:

- a) has a household member; OR
- b) has an intimate partner; OR
- c) is providing care in a non-healthcare setting without using precautions to an individual...

who has suspected or confirmed COVID-19.

Send employee home for a period of 14 days. If the employee develops no symptoms, the employee may return to work.

If the employee develops symptoms, the employee may return to work after these three things have happened:

- There has been no fever for at least 72 hours (that is three full days of no fever without the use of medicine that reduces fevers); AND
- Other symptoms have improved (for example, when cough or shortness of breath have improved); AND
- At least 10 days have passed since symptoms first appeared.

4. Employee has been within 6 feet for longer than 15 minutes with someone who has suspected or confirmed COVID-19.

Send employee home for a period of 14 days. If the employee develops no symptoms, the employee may return to work (note: if employee is essential worker in a critical infrastructure sector business, employee may return to work as specified in Category 6).

If the employee develops symptoms or is tested and confirmed to be COVID-19 positive, the employee may return to work under the conditions in as specified in Category 1 (if symptomatic), or Category 2 (if tested and found positive but has not developed symptoms).

GOVERNOR
LARRY HOGAN

Employee Return to Work – Unexposed, Critical Infrastructure Workers

5. Employee has been in the same indoor environment (e.g., a classroom, a hospital waiting room) as a person with suspected or confirmed COVID-19 for longer than 15 minutes but does not meet the definition of close contact (within 6 feet).

No work restrictions. Employee should self-monitor for symptoms, fever. If symptoms develop, self-isolate and return to work as specified above, depending on whether employee has symptoms or is tested (see Category 1).

6. Employee has had close contact (6 feet or less for longer than 15 minutes) with someone who has suspected or confirmed COVID-19, AND is a Critical Infrastructure Employee

If possible, employee should be off for 14 days. If not possible, employee may return to work with the following conditions:

- Employer should measure the employee's temperature and assess symptoms prior to them starting work. Ideally, temperature checks should happen before the individual enters the facility.
- As long as the employee doesn't have a temperature or symptoms, they should self-monitor under the supervision of their employer's occupational health program.
- The employee should wear a face mask at all times.
- Employee should maintain social distancing practices at all times.
- Regular cleaning and disinfection of work areas, especially "high-touch" areas.

PUBLIC HEALTH BRANCH BRIEFING

COVID-19 PANDEMIC RESPONSE

June 19, 2020

GENERAL REPORTING INFORMATION

INFECTIOUS DISEASE

CASE COUNT—CHARLES COUNTY

As of 6/19/2020, total case count for Charles County is **1,299**.

- *The line list with confirmed case counts for Charles County is continuously updated as lab reports are received from MDH, hospitals, and commercial laboratories.*
- *Contact tracing efforts are continuous with a focus on healthcare workers, EMS, and police.*

CALL CENTER UPDATE

- Operation time: 0800 to 2200.
- The numbers to call remain the same: 301.609.6717 or 301.609.6777
- Call Center volume is approximately 30 to 60 call per day.

MEDIA, SOCIAL MEDIA AND WEBSITE

- PIO working on re-opening coalition multimedia campaign.

PARTNER/STAKEHOLDER OUTREACH

LTC/AL

- The Long-Term Care and Assisted Living call will be held June 25 at 3 p.m. by CCDOH nurse liaisons.

ALL-PARTNER

- Now included in weekly coalition webinar with Dr. Haft.

MARYLAND EPIDEMIOLOGY & SURVEILLANCE PROFILE

Case Investigation, Surveillance, and Infectious Disease Response (D, Blythe)

- 1) **Latest case counts** – total: 63,548 (390,121 negative)
- 2) **New cases:** 319
 - a) **Age distribution:**
 - i) under 18 years - 2 %
 - ii) in 19-64 age range 74%
 - iii) in 65+ age range 24%
 - b) **Geographic distribution:**
 - i) National Capital 53%
 - ii) Baltimore Metro area 41%
 - iii) Eastern Shore 3%
 - iv) Southern 2%
 - v) Western 1%
 - c) Of cases, 53% female; 47% male
 - d) Hospitalizations (-42 last 24 hours); total current 648; total ever 10,447

- e) Deaths -- Total 2,901 (15 last 24 hours)
- f) Release from isolation – 4,685

CONFIDENTIAL – (INFORMATION BELOW IS FOR CORE PLANNING GROUP ONLY)

RESOURCE DISTRIBUTION

- 3 orders received were received and filled June 18.
- A new PPE from state arrived today.

VOLUNTEERS

MARYLAND MEDICAL RESERVE CORPS

- 2 volunteers performed COVID-19 testing at a local facility last Thursday. Total hrs.: 8
- An MRC nurse performed testing yesterday at a local facility.

CAREGIVER SERVICE CORPS

- Nothing new to report.

TESTING

VEIP TESTING SITE UPDATE

- Tested to Date: 1,602
- The Waldorf VEIP operation runs Tuesday/Thursday from 8:00 am - Noon by appointment only. Next test date is Tuesday, June 16.
- State is working towards having sites become 'no provider'. Meaning that anyone would be able to set their own appointment without a doctor's order.
- CCDOH is working out the process internally to actually use 'our' provider number to allow the health department help any positive resulting tests to the care they will need.
- We are hoping that this will increase testing numbers at sites.
- Appointments can also be entered by providers.

CHARLES COUNTY EPIDEMIOLOGY & SURVEILLANCE PROFILE

Epidemiologist's Note: *All data presented in the Charles County profile is a snapshot of the COVID-19 situation at one specific time period. Please be cognizant that data may differ from numbers presented later in the day since new positive lab results are being received by the state and local health department and entered into NEDSS electronic surveillance system throughout the work day. This explains any discrepancies in the total count or denominator being used to calculate each data measure; therefore, the date and time of data extraction for each data source is provided for your reference.*

As of 6/19 at 9 a.m., total case count for Charles County was 1299 cases. *(There was a total of 3 new cases in the last 24 hours).*

There have been 84 confirmed deaths associated with COVID-19. This equates to 6.4% of total confirmed cases. The Charles County death rate of 6.4% is higher than the MD state average death rate of 4.6%. However, it should be noted that the majority of deaths in Charles County are associated with outbreaks in skilled nursing facilities. The death rate for Charles County is going down from a high of 7.3% now that the outbreaks at skilled nursing facilities have been contained and/or reduced. We continue to see nursing homes related deaths due to the current outbreak at the Charlotte Hall Veterans Home where some Charles County residents reside. There were 2 probable COVID-19 deaths. COVID-19 is listed as the cause of death, but laboratory testing has not yet confirmed.

Average age of fatalities: 76.8 years

Age Distribution of Fatalities:

- 0-39 years: 0
- 40-69 years: 22 (25.6%)
- 70-79 years: 38 (44.2%)
- 80+ years: 26 (30.2%)

Gender breakdown among fatalities:

- 47 or 54.7% Female
- 39 or 45.3% Male

Race breakdown among fatalities:

- 45.3% Non-Hispanic White
- 47.7% Non-Hispanic Black
- 3.5% Non-Hispanic Asian
- 3.5% Hispanic

Location of deaths:

- Hospital Inpatient: 53 or 61.6%
- Nursing Home: 22 or 25.6%
- Other/Home/Emergency Room/Outpatient: 11 or 12.8%

- Total Number of positive lab results: 1299
- Number of positive lab results in last 24 hours: 0
- Total Number of negative lab results: 9401
- Number of negative lab results in last 24 hours: 124
- Total testing volume for Charles County (positive and negative): 10700
- Total Positivity Rate for all lab results thus far: 12.1% (state 11.7%)
- Positivity Rate for all lab results in last 24 hours: 0%
- Average number of days from specimen collection date to reporting to public health for all positive and negative lab results (N=1425) between June 12-18: 6.14 days
- Average number of days from specimen collection date to reporting to public health for all positive lab results (N=49) between June 12-18: 3.35 days
- Data on average number of days from specimen collection date to public health reporting will be done on a weekly basis and reported on the Friday report.
- Recovered and released from isolation: 358
- Partially recovered with improved symptoms: 57
- Known asymptomatic cases: 38

- 224 or 17.2% required hospitalization. Hospitalization rate is steadily decreasing. Peak in hospitalization rate coincided with the peak in the skilled nursing facility outbreaks.
- Among confirmed cases, 732 (56.4%) Female; 567 (43.6%) Male
- 10.7% Healthcare Workers
- 1.0% First Responders: EMS, Fire, Law Enforcement
- 28% have underlying health conditions
- Age range of positive COVID-19 cases: 0-100 years

Age Distribution for Charles County cases:

- Under 18 years: 50 (3.8%)
- 18-64 years: 1009 (77.7%)
- 65+ years: 240 (18.5%)

Surveillance of ED Hospital Data and Urgent Care through ESSENCE

- **ESSENCE** data for urgent care utilization at Patient First in Waldorf had no alert for Wednesday, June 17th. Patient volume was 22 patients on 6/17. Patient volume was very low compared to earlier in the week. All were discharged to home for self-care.
- On 6/17, 5 patients presented with ILI or at least one COVID-19 like symptoms (23% of total patient volume). 3 out of 5 ILI were there for either a COVID-19 test or COVID-19 Antibody test. Diagnoses for ILI patients on Wednesday included contact with and exposure to other viral communicable diseases, acute nasopharyngitis, and acute frontal sinusitis. There were 4 Visit of Interest tags. 3 cases had exposure to a COVID-19 positive case and presented for a COVID-19 test. The other Visit of Interest tag was also due to a varicella vaccine. They completed 3 COVID-19 tests on 6/17.
- No data was reported in ESSENCE for Patient First Waldorf for Thursday, June 18th.

Surveillance of EMS call data and alerts

The epidemiologist monitors the Charles County DES First Watch trigger alerts. The number of daily trigger alerts for COVID-19 cases or COVID-19 persons under investigation was:

- 6/13: 3
- 6/14: 9
- 6/15: 8
- 6/16: 8
- 6/17: 12
- 6/18: 11

Epidemiologist's Note Concerning Race breakdown: The data is now being captured in the MDH line lists of confirmed cases in REDCap. Data was accessed on 6/17 at 9 a.m. Please be cognizant that data may differ from numbers pulled later in the morning since new positive lab results are being received by the health department and entered

into NEDSS throughout the work day. This explains any discrepancies in the total count or denominator being used to calculate each data measure.

Total: 1,299 cases on 6/19 at 9 a.m. MDH line list assessed through REDCap:
Data on race and ethnicity changes daily as case investigations are completed and more information on demographics is updated in the electronic reporting disease system. Additionally, when there is an influx of new cases in electronic reporting disease system, data on race and ethnicity may not be available immediately for new cases since race information is not typically captured on a lab report and must be obtained during the investigation.

Race Breakdown

- Asian: 15 (1.3%)
- Black/African American: 437 (33.6%)
- White: 259 (19.9%)
- Other /2+ races/American Indian/Alaskan Native: 90 (6.9%)
- Data not available/Declined to Answer: 498 (38.3%)

Ethnicity Breakdown

- Hispanic 66 (5.1%)
- Non-Hispanic 625 (48.1%)
- Data not available/Declined to Answer: 608 (46.8%)

Nursing Home Outbreak Data: (Confidential: Not for public dissemination)

- Positive resident cases in Skilled Nursing Facilities/Assisted Living Facilities: 144
- Positive staff cases in Skilled Nursing Facilities/Assisted Living Facilities: 57
- Among those 144 resident cases, 109 are in skilled nursing facilities and 35 are in assisted living facilities.
- Current residents or staff who are Persons Under Investigation (PUI) in Skilled Nursing Facilities/Assisted Living Facilities: 3
- Total currently hospitalized: 2
- Deaths: 48
- Pending tests for residents or staff at Skilled Nursing Facilities/Assisted Living Facilities: 3 residents and 1 staff
- The outbreak at Genesis Waldorf was closed on 5/4 after 14 days with no new positive cases among residents or staff. The outbreak at Sage Point was closed on 5/19 after 14 days with no new positive cases among residents or staff.

Charles County Efforts to Address the Governor's Executive Order regarding testing in Skilled Nursing Facilities:

- All 4 skilled nursing facilities in Charles County completed resident testing by Friday, 5/1. Lab results have been received for each facility. A total of 371 residents in skilled nursing facilities were tested. 35 or 9.4% of those tests have come back positive for

COVID-19.

- Genesis La Plata and Waldorf tested their staff on Friday, 5/15. There were 2 positive staff members at Genesis Waldorf and 3 positive staff at Genesis La Plata. One case was a previous positive and has not worked since the first positive test.
- Restore tested all of their staff on Friday, 5/22. All staff results were negative.
- All Sagepoint and Genesis La Plata residents and staff was tested by the National Guard. All staff results from Genesis La Plata have come back negative. That outbreak will be closed.
- The health department will be working next to help the assisted living facilities in testing all of their staff and residents. We will start with Morningside Assisted Living since they have had an outbreak.
- The health department is seeing more cases in other congregate living settings such as group homes for those with developmental disabilities. We are recommending that all staff and residents at these facilities be tested as well.
- Both Genesis La Plata and Genesis Waldorf have agreed to do regular testing of residents and staff on a voluntary basis.
- CMS recommends regular testing of staff and residents at long term care facilities. It is expected that an executive order will come from the state for routine testing of staff members and possibly residents in the near future.

Epidemiologist Note: Please use caution when drawing any conclusions regarding race or ethnicity. There is still a percentage where race data is not available, and information regarding this missing population cannot be assumed. Additionally, it should be noted that the greatest number of cases (60.4%) are the Waldorf zip codes of 20601, 20602, and 20603. Over half of the county population lives in those zip codes. Additionally, those zip codes have a very diverse population with minority populations comprising the majority of the zip code level population and with African Americans being the largest racial group in those zip codes.

Zip Code level data was also analyzed using the MDH line lists of confirmed cases in REDCap. Data was accessed on 6/17 at 9 a.m. *(Zip code level data with counts less than 7 cases cannot be shared publicly and must remain confidential. NA: Not Available. Case rates per 1000 residents are not calculated for zip codes with less than 5 cases and for zip codes with small populations due to rate instability.)*

Confirmed cases by zip code:

Zip code:	Total number of positive cases	Number of new positive cases in last 24 hours	Number of new negative lab results in last 24 hours	Case Rate per 1000 residents
20601	243	0	22	9.85

Case Rates for Zip Codes Shared by Charles County and Prince George's County:

- 20607, Accokeek: 10.92
- 20613, Brandywine: 12.48
- These are two of the lowest rates in Prince George's County. These rates are much closer to Waldorf and White Plains case rates.

Case Rates for Other Prince George's County Zip Codes that are Near Charles County:

- 20623, Rosaryville: 10.93
- 20772, Upper Marlboro: 12.01
- 20744, Fort Washington: 14.16

Highest Case Rates among Zip Codes in Prince George's County are in the northern region of the county that surrounds Washington DC, including Hyattsville, Riverdale, Lanham, Brentwood, and Bladensburg. They are the areas of Prince George's County that are the furthest from Charles County.

Zip Code	Case Rate per 1000 residents
20783	49.57
20782	34.75
20781	32.60
20737	44.87
20784	36.50
20706	30.99
20722	37.82
20710	28.78

HOSPITAL BRIEF 6-19-2020

- The Emergency Department surge tents have been taken down due to the low patient census. The surge tents will be put back up if patient census indicates the need for surge tents in the future.
- Hospital Bed Capacity = 166. Census = 73
- Hospital ICU Census = 9
- Hospital ICU is now a dedicated COVID-19 Unit, and 3 East is for ICU overflow.
- Isolation Room Capacity = 12
- Isolation Rooms Occupied = 8
- Confirmed positive cases of COVID-19 patient admissions = 2
 - Of the total two (2) COVID-19 positive patients all are located in the ICU Dedicated COVID-19 Unit.
 -
- PUI admissions = 3
- Ventilated COVID-19 positive patients = 2
- Ventilators not in use = 18
- COVID-19 related deaths = 43 (Total to Date)
- CRMC has implemented a policy that requires ALL staff, visitors (which would be very limited), and contractors of any kind to wear a mask while in the hospital at all times.
- The 3 South patient unit at CRMC is dedicated by half to COVID-19 positive patients only, and the other half of the unit is dedicated to PUI patients.
- EMS staff transport to CRMC on Thursday, 6/17/2020 = There were zero (0) COVID-19 positive, and zero (0) PUI's transported to CRMC.
- CMCR total Lab tests to date = 2277. COVID-19 positive tests = 332.

Law Enforcement Branch Briefing

Warnings: 5 issued

Items of Note: (Not for redistribution)

Changes denoted in red.

Charles County Public Schools Briefing 6-19-2020
COVID Charles County

48-hour Priorities:

- Maintaining instructional continuity
- Maintaining food service
- Develop a plan for opening SY 20-21

Meals:

Thursday, 6/18/20 CCPS served 2931 meals at the 11 meal distribution sites. The total was -546 from the meals served on Wednesday, 6/16/20. We are seeing a drop in meals being served at our 11 meal distribution sites.

No meal distribution Saturday and Sunday.

The Summer Meals Program is a free meals program for all children and youth ages 18 and younger who live in Charles County.

Due to the COVID-19 social distancing requirements, Charles County Public Schools (CCPS) will continue to serve Grab and Go meals at our eleven existing meal sites beginning Friday, June 12 through Tuesday, June 30 between the hours of 11:00 a.m. to 1:00 p.m. CCPS will serve Summer Meals throughout the summer months until August 14; however, we are awaiting direction from the United States Department of Agriculture (USDA) regarding our Summer Meals Program beyond **June 30. More information will follow.**

CCPS meal distribution sites can provide parents food without their child being present. However, the pick-up person must be a child's parent or guardian. Parents/guardians must show staff their child's CCPS student identification (ID) badge or report card copy showing their student ID number.

Parents with children not yet enrolled in school should attempt to bring some type of age verification to show to site staff, such as a copy of a birth certificate.

There will be no need for parents to exit their vehicles to obtain the meals. Parents and guardians need only show their child's ID badge or report card to a staff member on site. The 11 meal sites operate 11 a.m. to 1 p.m. Monday through Friday. Curbside meals are provided at the following schools:

- Henry E. Lackey High School;
- Maurice J. McDonough High School;
- St. Charles High School;
- Westlake High School;
- Milton M. Somers Middle School;
- Dr. Thomas L. Higdon Elementary;
- Indian Head Elementary School;

- Mt. Hope/Nanjemoy Elementary School;
- Dr. Samuel A. Mudd Elementary School;
- J.C. Parks Elementary School; and
- J.P. Ryon Elementary School.

Parents can pick up the following for their child daily: one breakfast, one lunch, one dinner and a snack. Any requests from parents asking for additional meals on the same service day at other sites will not be honored. Visit the CCPS website at www.ccboe.com for the latest information.

Reopening SY 2020-2021:

On Monday, July 6, CCPS will begin a safe and gradual reopening of CCPS buildings and facilities. This includes the return to work for all 12-month employees. Buildings will remain closed to the public until July 27 and operate on a summer hours schedule of 7:30 a.m. to 3:30 p.m. Summer hours remain in effect until Aug. 3. CCPS will share more details on how our buildings will reopen to the public soon.

CCPS has made some changes to our buildings to comply with workplace health and safety recommendations provided by the Centers for Disease Control and Prevention (CDC). This includes health monitoring, frequent handwashing, using face masks or face coverings in high traffic areas in buildings, physical distancing of six feet and the frequent cleaning of high touch surfaces. [You can review the CDC recommendations online here.](#)

Many are wondering how and if schools will open for the 2020-21 school year. While the Maryland State Department of Education (MSDE) has provided a recovery plan for school systems, CCPS is working on options that support the continuation of learning for all students. Friday, 6/19/20, five committees will report out to staff on how CCPS can safely reopen schools. Committees include staff from elementary school, middle school, high school, operations, and health and safety. CCPS also will survey our parents in the coming weeks for their thoughts on the reopening of schools. MSDE's recovery plan is posted at <http://marylandpublicschools.org/newsroom/Documents/MSDERecoveryPlan.pdf>.

Instruction:

Nothing new to report.

Report cards: Elementary school teachers will post report cards to ParentVue by June 15. Report cards for middle and high school students will be mailed to the address on file with CCPS on June 22.

Virtual summer school starts July 7, registration begins Wednesday: Summer school begins online July 7. Courses will use a mix of Microsoft Teams instruction and the Apex Learning platform. Students can take a maximum of two make-up courses during summer school. The cost of make-up courses has been waived by CCPS this year. Summer school also offers four courses for original credit and are \$300 each. Registration begins at 8 a.m. June 17. All courses run July 7 through Aug. 6. Read here for more information.

CCPS planning summer learning opportunities: CCPS staff is planning summer learning opportunities for students in all grade levels, ranging from virtual enrichment and Advanced Placement (AP) camps, to Summer Olympics Go for the Gold activities parents can do with their children at home. CCPS will share more information about summer learning opportunities next week.
