Storm Drain Stenciling/Marking Volunteer Application

Do you want to lead a storm drain marking/stenciling event in your community? Complete this form and a staff member from Charles County Watershed Protection & Restoration Program will follow up with you. Storm drain marking/stenciling is a good activity for anyone interested in helping to raise awareness about the connection between our storm drains and local waterways. Marking storm drains reminds citizens anything that goes into a storm drain goes directly into our local streams.

THANK YOU for doing your part in protecting and restoring Charles County's waterways!

Your Name (please print): _____

If applicable, Your Organizations or Group's Name: _____

Street Address: _____
